

Ein Tag nur für dich

Ich wünsche dir Lachen, klar und hell,
Freude, die klingt wie ein frischer Quell.
Augenblicke weich wie Morgenschein,
Stunden voll Wärme und glücklich sein.

Leichtigkeit, die sanft im Herzen schwingt,
Mut, der dich weit durch Tage bringt.
Und Zeit, die stehen bleibt – nur für dich,
Denn heute strahlt das Glück innerlich.

Nur Far Dich Gedichte:

Theology of Wagner's Ring Cycle I Richard H Bell, 2021-07-29 Wagner's Ring is one of the greatest of all artworks of Western civilization but what is it all about The power and mystery of Wagner's creation was such that he himself felt he stood before his work as though before some puzzle A clue to the Ring's greatness lies in its multiple avenues of self disclosure and the corresponding plethora of interpretations that over the years has granted ample scope for directors and will no doubt do so well into the distant future One possible interpretation which Richard Bell argues should be taken seriously is the Ring as Christian theology In this first of two volumes Bell considers among other things how the composer's Christian interests may be detected in the forging of his Ring looking at how he appropriated his sources whether they be myths and sagas writers poets or philosophers and considering works composed around the same time especially his Jesus of Nazareth *The Modern Restoration* Stephen Parker, Peter Davies, Matthew Philpotts, 2012-04-17 This book seeks to move twentieth century German literary history away from its stubbornly persistent reliance on the political turning points of 1933 and 1945 In the first part of the book the authors analyze a synchronic corpus of literary journals identifying a restorative aesthetic mood in the years 1930-1960 which persists across political date boundaries In the second part the careers of five writers are considered diachronically against this prevailing restorative climate Gottfried Benn Johannes R Becher Bertolt Brecht Günter Eich and Peter Huchel Combining these two approaches the authors show that a fresh perspective that challenges established literary historical periodisations can shed light on the common cultural and aesthetic ground shared by writers editors and critics across the ideological divides of the era Goethes Liebesgedichte Johann Wolfgang von Goethe, 1912 **Bd.
