Oracles And Divination:

Omens and Oracles Matthew Dillon, 2017-07-14 Addressing the role which divination played in ancient Greek society this volume deals with various forms of prophecy and how each was utilised and for what purpose Chapters bring together key types of divining such as from birds celestial phenomena the entrails of sacrificed animals and dreams Oracular centres delivered prophetic pronouncements to enquirers but in addition there were written collections of oracles in circulation Many books were available on how to interpret dreams the birds and entrails and divination as a religious phenomenon attracted the attention of many writers Expert diviners were at the heart of Greek prophecy whether these were Apollo's priestesses delivering prose or verse answers to questions put to them by consultants diviners known as manteis who interpreted entrails and omens the chresmologoi who sang the many oracles circulating orally or in writing or dream interpreters Divination was utilised not only to foretell the future but also to ensure that the individual or state employing divination acted in accordance with that divinely prescribed future it was employed by all and had a crucial role to play in what courses of action both states and individuals undertook Specific attention is paid in this volume not only to the ancient written evidence but to that of inscriptions and papyri with emphasis placed on the iconography of Greek divination Divination and Oracles Michael

Loewe, Carmen Blacker, 2021-12-30 First published in 1981 Divination and Oracles analyses the religious practices of the ancient world as they have been witnessed from Scandinavia to Tibet and Japan from the third millennium BC until the present day Divination and the consultation of oracles formed part of the religious practice of the ancient world and are part of the living folklore of the contemporary societies They are subjects that are of immediate concern to anthropologists and not infrequently to the historians of early science Written by the specialists in the early history of European and Asian Civilisations the chapters call on the evidence of the written word of history and the surviving artefacts and inscriptions of archaeology They describe the different methods that have been adopted and examine the types of question that feature in man's attempt to seek guidance from other powers The contributions show how an appeal to the irrational can affect the decision of prophet or statesman or the way of life of farmer or sailor and how such an appeal can also stimulate scientific enquiry into the cycles of nature This book is a must read for scholars and researchers of religion comparative religion and ancient history

guidance inspiration and insight into their fate **Celtic Oracles** Rosemarie Anderson,1998 The Celtic way of life is an indigenous European belief system that honors both female and male images of the divine and holds the Earth to be sacred This new divination system for personal development and spiritual growth based on Celtic symbols folk wisdom and spiritual principles will show you how to incorporate the Celtic way of knowing into your daily life The 64 oracles are the primal forces identified by the Celts as goddesses gods faeries and animal and tree spirits Each oracle contains historical background poetry or verse from original Celtic sources an interpretation for the contemporary reader and beautiful original black and white artwork created especially for this book Celtic Oracles works in a similar way to the I Ching Just throw two coins three times to discover which of the oracles is influencing your life The oracles are interrelated reflecting the Celtic worldview that all aspects of our lives are woven together Inspiring a deep connection with a powerful ancient way of knowing and living in the world this transformative system will help you understand the often hidden forces at work in your life and guide you in making practical decisions Prophets and Profits Richard Evans,2017-09-07 This volume examines the ways in which divination often through oracular utterances and other mechanisms linked mortals with the gods and places the practice within the ancient sociopolitical and religious environment Whether humans sought knowledge by applying to an oracle through which the god was believed to speak or used soothsayers who interpreted specific signs such as the flight of birds there was a fundamental desire to know the will of the gods In many cases pragmatic concerns personal economic or political can be deduced from the context of the application Divination and communication with the gods in a post pagan world has also produced fascinating receptions The presentation of these processes in monotheistic societies such as early Christian Late Antiquity where the practice continued through the use of curse tablets or medieval Europe and beyond where the role of religion had changed radically provides a particular challenge and this topic has been little discussed by scholars This volume aims to rectify this desideratum by providing the opportunity to address questions related to the reception of Greco Roman divination oracles and prophecy in all media including literature and film Several contributions in this volume originated in the 2015 Classics Colloquium held at the University of South Africa and the volume has been augmented with additional contributions **The Book Of Ordinary Oracles** Lon Milo DuQuette,2005-02-01 Consulting oracles used to be difficult and dangerous You had to make a pilgrimage plagued with hardship trudging through the desert to a holy place or person Or kill a calf to read its liver or a bird to read its entrails Or study for years to read ink dropped in water Who has the time Traditional methods just aren t convenient today What s a divine wonderer to do Funny you should ask In The Book of Ordinary Oracles Lon Milo DuQuette shows us how to use items lying around the house from pocket change to chopsticks to divine answer to everyday questions He also tells us how to ask the right question and interpret the answer The tools he provides will make consulting oracles as easy as reaching into your pocket or cupboard Can one use channel surfing as an oracle You bet DuQuette s anecdotes illustrate various divination techniques Laugh your way to wisdom while learning new

Greek Oracles Herbert William Parke, 1967 *Divination, Oracles and Omens* Michelle Aroney, David Zeitlyn, 2024-12-06 A spellbinding collection of twenty four divinatory techniques from around the world In Divination Oracles Omens Michelle Aroney and David Zeitlyn explore our need to appeal to powers beyond our realm for prediction and clarification The past present and future are full of tantalizing mysteries questions about our own and other people's lives that we long to answer Across history human cultures have devised a wide range of methods to discover what might lie ahead or to understand past events This fascinating book features twenty four divinatory techniques from around the world that have been and are still used to uncover hidden information from astrology palmistry and Tarot to egg divination and Chinese Yijing Each chapter is beautifully illustrated with a wide range of associated objects such as cards dice altars candles and texts and even mathematical tools including astrolabes and astronomical tables While these practices are often seen as light hearted entertainment a soothsayer's uncannily accurate reading can catapult a client from skepticism to serious engagement From

ancient times to the present day this spellbinding collection explores our need to appeal to powers beyond the realm of our day to day understanding for prediction and clarification and how the questions we ask can reveal more than the answers we are given The Complete Idiot's Guide to Oracles Gary R. McClain, Carolyn Flynn, 2006 While the famous oracle of Delphi is today more a tourist attraction than a sacred site the mystical seemingly omniscient quality of oracles is very much present in our modern world from the Oracle of Omaha Warren Buffett to the high tech computer database company Oracle to the proliferation of oracle decks Now as ever if you need an answer consult an oracle In The Complete Idiot's Guide to Oracles readers can explore the nature of oracles and then with the help of a complete deck depicted in two colors become oracles themselves asking and answering their own life questions
