Victims of the Cultural Revolution Youqin Wang, 2023-02-23 Between 500 000 to 2 million people died in the Cultural Revolution Yet a silence remains as to why Over eleven years in Mao's China an all out assault on class enemies took place Teenagers smashed their teachers skulls Doctors were tortured in jail as foreign spies Ordinary people condemned counter revolutionaries to execution and then went home and ate their dinner This was less than fifty years ago But the victims are being forgotten already Wang Youqin unmasks the true brutality of the Cultural Revolution Documenting the deaths of over six hundred individuals Victims of the Cultural Revolution calls on us to remember the evil ideological fanaticism wreaks and pays tribute to all those who suffered

Victims of Terrorism Orla Lynch, Javier Argomaniz, 2014-10-17 This book examines the politicisation of victims of terrorism and the reality of the victimisation experience within the broader field of terrorism and the resulting conflict Victims of terrorism are a unique group of individuals whose experience is overlooked in the current literature on terrorism Since 9 11 terrorism has risen to global prominence and has become a key topic of interest with regards to media attention and national security As a result many European countries as well as the USA have had to take active steps to protect and provide for the victims of terrorism particularly given the nature of victimisation post 3 11 Madrid and 7 7 London Recently we have also seen an increase in the political currency of the terrorist victim for example the lobbying activities and political involvement of the victims of ETA terrorism and the exceptionally powerful lobby in the USA that sees the involvement of victims of terrorism and their families in policy making and law enforcement transformations This book is based on extensive field work in Northern Ireland London and Spain and presents the results which focus on the needs and experiences of victims of terrorism and political violence and critically analyses these findings comparatively and in their own right The aim is to assess the provision of support initiatives in Northern Ireland mainland UK and Spain and understand if victims needs are being met by these initiatives but most importantly to construct a picture of the local and international interpretation of the experience of victimisation by terrorism This book will be of much interest to students of terrorism and political violence victimology criminology security studies and IR

The Sociology of Everyday Life Peacebuilding John D. Brewer, Bernadette C. Hayes, Francis Teeney, Katrin Dudgeon, Natascha Mueller-Hirth, Shirley Lal Wijesinghe, 2018-07-04 This book uses in depth interview data with victims of conflict in Northern Ireland South Africa and Sri Lanka to offer a new sociological conceptualization of everyday life peacebuilding It argues that sociological ideas about the nature of everyday life complement and supplement the concept of everyday life peacebuilding recently theorized within International Relations Studies IRS It claims that IRS misunderstands the nature of everyday life by seeing it only as a particular space where mundane routine and ordinary peacebuilding activities are accomplished Sociology sees everyday life also as a mode of reasoning By exploring victims ways of thinking and understanding this book argues that we can better locate their accomplishment of peacebuilding as an ordinary activity The book is based on six years of empirical research in

three different conflict zones and reports on a wealth of interview data to support its theoretical arguments This data serves to give voice to victims who are otherwise neglected and marginalized in peace processes Victims's Symptom Institute of Network Cultures,2010-01-19 Victims Symptom PTSD and Culture Victims Symptom is a collection of interviews essays artists statements and glossary definitions which was originally launched as a Web project <http://victims.labforculture.org> Produced in 2007 the project brought together cases related to past and current sites of conflict such as Srebrenica Palestine and Kosovo reporting from different and sometimes conflicting international viewpoints The Victims Symptom Reader collects critical concepts in media victimology and addresses the representation of victims in economies of war
