## **Organization Development For Operating Managers:**

**Organization Development** Robert Smither, John Houston, Sandra McIntire, 2016-06-03 *Organization Development Strategies for Changing Environments Second Edition* aims to help managers of the future successfully plan for and manage changes in the workplace. The book teaches students how to conceptualize and implement planned interventions to increase organizational effectiveness. Building on the success of the previous edition, Smither, Houston, and McIntire maintain the foundational and historical organization development content while incorporating a number of key changes: new material on change management, globalization, diversity, sustainability, ethics, talent management, and emotional intelligence; a greater emphasis on the practical application of the theory; new case studies focusing on current business dilemmas that align with the chapter objectives. This edition brings this classic book into the 21st century, making it a valuable resource for students of organizational development, organizational behavior, change management, and leadership.

**Organization Development for Operating Managers** Michael E. McGill, 1977      *Organization Development* Wyatt Warner Burke, Debra A. Noumair, 2015 *Organization Development Third Edition* is today's complete overview of the OD discipline for managers, executives, administrators, consultants, and students alike. Fully updated to reflect major changes since the classic Second Edition, it explains how OD is now practiced and how it is continuing to evolve. The authors illuminate each key theory in the field, giving readers the background they need to translate theory into action, make key choices, help organizations learn and lead change.

*ATD's Organization Development Handbook* Brian James Flores, 2023-09-19 *Expand Your Knowledge of Organization Development to Enhance Your L D Efforts*. *ATD's Organization Development Handbook* is a tactical hands-on book for those in learning and development looking to make that first step into organization development or those who are a one-person band doing both. While many books and textbooks exist on organization development, the effort to improve an organization's capability through the alignment of strategy, structure, people, rewards, metrics, and management processes: this volume is the first of its kind to address OD from the talent development and specifically L D perspective. More than ever, L D professionals are taking on organization development work to drive organizational effectiveness and performance. Sometimes this happens out of choice when seeking a new career challenge, and other times out of necessity when the organization adds OD to their responsibilities. In either case, L D professionals need new knowledge and skills, as well as insight into how to utilize their analysis, design, development, implementation, and evaluation abilities to become successful in creating OD solutions. Edited by OD practitioner and expert Brian J. Flores, this volume includes in-house experts and consultant contributors from the OD field itself, as well as those who crossed over from L D to OD. Readers will learn how to apply the foundations of organization development to their multiculturalism, upskilling, and reskilling, soft skill development, and succession planning processes and programs.
