100 Truths You Will Learn Too Late Luca Dellanna, 2019-06-01 READERS REVIEWS This is a tremendously useful book If you apply the book sincerely your outlook and understanding of what is happening in your life especially the portions where you are struggling will change A deep book based on principles rather than simple prescriptions The writing is simple and direct rather than flowery It is clear that the author has implemented what he says in his own life There are quick and effective action points at the end of most chapters Some of the individual chapters are themselves worth the price of the book If you are the sort of person who likes something both practical and thoughtful do buy and read this book Balaji Srinivasan not Balajis I am amazed at Luca Dellanna's ability to observe compile and articulate 99 very actionable life principles here Each chapter describes the rule in a way that makes you think and then summarizes the Action It's filled with DEEP insights yet VERY readable Theresia Tanzil Absolutely brilliant You might have grasped some of
