Opting In:

Opting In Amy Richards, 2025-10-16 For contemporary women motherhood has become as polarizing a proposition as it is a powerful calling For some women this tension is manifest in a debate over whether or not to have children For others it concerns whether to stay at home with their children or stay in the workforce Still others feel abandoned altogether by the supposedly pro family and pro mother social justice movement that is feminism and are at a loss when it comes to reconciling their maternal instincts with their political beliefs With Opting In Amy Richards addresses the anxiety over parenting that women face today in a book that mixes memoir interviews historical analysis and feminist insight In her refreshingly direct and thoughtful approach Richards covers everything from the truth about our biological clocks and the trends toward extending fertility to parenting with nature and nurturing in mind to our relationship with our own mothers to what feminism's relationship to motherhood is and always has been Speaking from the vantage point of someone who is both a parent and one of our leading feminist activists Richards cuts through the cacophony of voices intent on telling women the appropriate way to be a mother and reveals instead how to confidently forge your own path while staying true to yourself and your ideals

Marketing of Intermediaries in M-Commerce Advertising Ali-Reza Moschtaghi, 2002-03-12 Inhaltsangabe Abstract The expectations for M Commerce are very high The mobile user seeks for facilitation of his daily habits and companies anticipate generating high revenue stream through new mobile applications After telecommunication companies have paid high prices for the UMTS licenses in Europe M Commerce has started to be the new hype In those countries which did not have auctions but beauty contests M Commerce has been also shifted into the spotlight Although M Commerce is still in its infancy it predicts to have a huge impact on many ways of people's lives New buzz words like anywhere and anytime have evolved in order to describe the great potential of M Commerce Growth opportunities in terms of new arising mobile business models seem promising but only the future will be able to answer the question of success Mobile devices offer a broad range of opportunities from entertainment service e.g. music games or video up to transactions e.g. banking shopping auctions It is still unclear if all the emerging opportunities can be commercialized successfully Nevertheless many scenarios of how the world could be like in the future have been made Below an excerpt of the daily routine of a future mobile user is presented Nancy D Amato prepares to leave her office just before five o'clock She uses her mobile phone for a quick check of the local weather forecast sees that fine conditions are expected for the evening and decides to leave her umbrella by her desk Nancy is due to meet her boyfriend Peter at seven o'clock so she has two hours in town to waste As soon as the clock reaches five she receives a text message telling her that the bar across the street has a happy hour when drinks are cheaper Nancy deletes the message almost without reading it She has given her mobile service provider permission to send her

unsolicited local promotional messages after five otherwise she would have to pay a higher subscription rates but that does not mean she actually has to read the message does it Five minutes later another message arrives with a coupon offering a discount at the local branch of her favorite coffee bar She shows the coffee shop attendant the numbered message on her phone s screen and he keys in the number on the till when charging for the coffee Now comfortably seated with her cappuccino Nancy begins to plan her evening She uses her mobile to check which movies are showing nearby after seven
