

# Orchard Keeper

**Erik Hage**

## **Orchard Keeper:**

**The Orchard Keeper** Cormac McCarthy, 1993-02-02 The acclaimed first novel from one of America's most celebrated novelists the bestselling author of *The Passenger* and the Pulitzer Prize winning novel *The Road* Set in a remote community in rural Tennessee in the years between the two world wars it is the story of a young boy and a bootlegger who unbeknownst to either of them has killed the boy's father The boy John Wesley Rattner and the outlaw Marion Sylter together with Rattner's Uncle Ather who belongs to a former age in his communion with nature and his stoic independence enact a drama that seems born of the land itself All three are heroes of an intense and compelling celebration of values lost to time and industrialization

**Cormac McCarthy's Literary Evolution** Daniel King, 2024-01-12 Daniel King has performed a service long overdue for scholars and avid readers of McCarthy's work Incorporating correspondence to and from his editors and agents and relating comments he penciled into the margins of his in progress manuscripts King has given us a finely detailed portrait of the craftsman at work It's an enjoyably readable account of how the master bricoleur revised reconsidered and ultimately built the novels which so challenge and delight us Rick Wallach editor of *Myth Legend Dust Critical Responses to Cormac McCarthy* When the New York Times published the first print interview with Cormac McCarthy in 1992 the author was barely known outside a small group of academics writers and devoted readers None of his books up to that point had sold more than five thousand copies in hardcover But that same year McCarthy's *All the Pretty Horses* made the best seller lists and over the next two decades with the publication of such books as *No Country for Old Men* the basis for the Coen brothers Oscar winning film and *The Road* a Pulitzer Prize winner and an Oprah's Book Club selection McCarthy became a household name In Cormac McCarthy's Literary Evolution Daniel Robert King traces McCarthy's journey from cult figure to literary icon Drawing extensively on McCarthy's papers and those of Albert Erskine his editor and devoted advocate at Random House as well as the latest in McCarthy scholarship King investigates the changes that McCarthy's work as a novelist his writing methods and the reception of his novels have undergone over the course of his career Taking several of McCarthy's major novels as case studies King explores the lengthy process of their composition through multiple drafts and revisions the signal contributions of the author's agents and publishers and McCarthy's growing confidence as a writer who is strongly attentive to tone and repeated metaphors and images This work also reveals the wide range of McCarthy's reading and research especially of historical and scientific materials as well as key intertextual connections between the novels Part literary biography part archival investigation and part study of print culture this book is particularly revealing of how one talented writer properly nurtured by dedicated allies went on to gain a huge measure of recognition and respect which has become increasingly difficult for serious authors to achieve in today's profit driven publishing world DANIEL ROBERT KING currently resides and teaches in Britain His articles have appeared in the International Journal of Comic Art Literature and Medicine and Comparative American Studies     **The Pastoral Vision of Cormac McCarthy** Georg Guillemin, 2004-06-17 Georg

Guillemin's visionary approach to the work of Western novelist Cormac McCarthy combines an overall survey of McCarthy's eight novels in print with a comprehensive analysis of the author's evolving ecopastoralism. Using in-depth textual interpretations, Guillemin argues that even McCarthy's early work is characterized less by traditional nostalgia for a lost pastoral order than by a radically egalitarian land ethic that prefigures today's ecopastoral tendencies in Western American writing. The study shows that more than any of the other landscapes evoked by McCarthy, the Southwestern desert becomes the stage for his dramatizations of a wild sense of the pastoral. McCarthy's fourth novel, *Suttree*, which is the only one set inside an urban environment, is used in the introductory chapter to discuss the relevant compositional aspects of his fiction and the methodology of the chapters to come. The main part of the study devotes chapters to McCarthy's Southern novels, his keystone work *Blood Meridian*, and the Western novels known as the Border Trilogy. The concluding chapter discusses the broader context of American pastoralism and suggests that McCarthy's ecopastoralism is animistic rather than environmentalist in character. Guillemin shows that the very popular Border Trilogy takes McCarthy's ecopastoralism to its culmination, although this is often overlooked precisely because of the simplicity of the plots: picaresque quests. As the trilogy arranges its plots as a search for a life of pastoral harmony, *All the Pretty Horses*, *Ensign*, and *The Crossing*, and experiences the foreclosure of the pastoral vision anywhere, *Cities of the Plain*, the trilogy as a whole tacitly acknowledges the obsolescence of utopian pastoralism. Increasingly, man ceases to be the dominant focus of narration, so that the shift from an egocentric to an ecocentric sense of self marks both the heroes and narrators of McCarthy's novels.

**Reading the World** Dianne C. Luce, 2009. In *Reading the World*, Dianne C. Luce explores the historical and philosophical contexts of Cormac McCarthy's early works, crafted during his Tennessee period from 1959 to 1979, to demonstrate how McCarthy integrates literary realism with the imagery and myths of Platonic, gnostic, and existentialist philosophies to create his unique vision of the world. Luce begins with a substantial treatment of the east Tennessee context from which McCarthy's fiction emerges, sketching an Appalachian culture and environment in flux. Against this backdrop, Luce examines novel by novel McCarthy's distinctive rendering of character through mixed narrative techniques of flashbacks, shifts in vantage point, and dream sequences. Luce shows how McCarthy's fragmented narration and lyrical style combine to create a rich portrayal of the philosophical and religious elements at play in human consciousness as it confronts a world rife with isolation and violence.

**House of the Orchard Keeper** King Adam, 2022-03-17     **No More Heroes** Lydia R. Cooper, 2011-05-03

Critics often trace the prevailing mood of despair and purported nihilism in the works of Cormac McCarthy to the striking absence of interior thought in his seemingly amoral characters. In *No More Heroes*, however, Lydia Cooper reveals that though McCarthy limits inner revelations, he never eliminates them entirely. In certain crucial cases, he endows his characters with ethical decisions and attitudes, revealing a strain of heroism that exists in his otherwise violent and apocalyptic world. Cooper evaluates all of McCarthy's work to date, carefully exploring the range of his narrative techniques. The writer's

overwhelmingly distant omniscient third person narrative rarely shifts to a more limited voice. When it does deviate however revelations of his characters consciousness unmistakably exhibit moral awareness and ethical behavior. The quiet internal struggles of moral men such as John Grady Cole in the Border Trilogy and the father in The Road demonstrate an imperfect but very human heroism. Even when the writing moves into the minds of immoral characters McCarthy draws attention to the characters humanity forcing the perceptive reader to identify with even the most despicable representatives of the human race. Cooper shows that this rare yet powerful recognition of commonality and the internal yearnings for community and a commitment to justice or compassion undeniably exist in McCarthy's work. No More Heroes directly addresses the essential question about McCarthy's brutal and morally ambiguous universe and reveals poignant new answers.

**The Orchard Keeper** Cormac McCarthy, 1993 An American classic The Orchard Keeper is the first novel by one of America's finest

novelists and author of the critically acclaimed national bestseller All the Pretty Horses. Set in a small remote community in rural Tennessee it tells the story of a young boy and the outlaw bootlegger who unbeknownst to either of them has killed the boy's father.

**Cormac McCarthy** Erik Hage, 2010-03-16 Cormac McCarthy the author of such works as Blood Meridian All the Pretty Horses No Country for Old Men and The Road is one of America's greatest living writers an uncompromising examiner of the depths of human depravity the nature of evil and the bonds that endure. This companion is intended for both the scholar and lay reader seeking a comprehensive understanding of McCarthy's body of work. Alphabetically ordered entries offer analysis of novels characters motifs allusions plays and themes as well as commentary on events people and places related to McCarthy scholarship. Most entries include a selected bibliography for further reading. A biographical introduction provides information on the life of this reclusive author and discussion topics are provided as an aid for instructors.

*Reading Cormac McCarthy* Willard P. Greenwood, 2009-06-08 One of today's most important novelists Cormac McCarthy is at the peak of a long and productive career. The film adaptation of his No Country for Old Men is a major motion picture and his fiction is widely read in book clubs. This volume looks at his works characters themes and contexts and relates his writings to current events and popular culture. Chapters include sidebars of interesting information along with questions to stimulate book club discussions and student research. One of today's most important novelists Cormac McCarthy is at the peak of a long and productive career. He won the Pulitzer Prize for The Road in 2007 and the National Book Award for All the Pretty Horses in 1992. This book is a guide to his works and their relevance. The volume begins with a look at his life and his use of the novel as a means of expressing his ideas. The book then looks at his works themes characters and contexts. It then discusses his exploration of current events and the presence of his fiction in popular culture. Chapters include sidebars of interesting information and provide questions to stimulate book club discussion and student research.
