Orchards Of Syon:

The Orchards of Syon Geoffrey Hill, 2002 In the words of the magazine Poetry Review a kind of late fury has gripped Geoffrey Hill in recent years after a decade's silence with CANAAN 1996 THE LOVE TRIUMPH 1998 SPEECH SPEECH 2001 all published in Penguin and now this new volume All these books are driven by a profound quarrel with the modern world This new book consists of 72 numbered poems each of 24 lines Together they make up a kind of Dantean eclogue in which the landscape of Hill's youth rural Worcestershire offers a glimpse of paradise in the midst of the modern world This is a major poet writing serious beautiful poetry

The Idea of the Vernacular Jocelyn Wogan-Browne, Ian Richard Johnson, 1999 This pioneering anthology of Middle English prologues and other excerpts from texts written between 1280 and 1520 is one of the largest collections of vernacular literary theory from the Middle Ages yet published and the first to focus attention on English literary theory before the sixteenth century It edits introduces and glosses some sixty excerpts all of which reflect on the problems and opportunities associated with writing in the mother tongue during a period of revolutionary change for the English language The excerpts fall into three groups illustrating the strategies used by medieval writers to establish their cultural authority the ways they constructed audiences and readerships and the models they offered for the process of reading Taken together the excerpts show how vernacular texts reflected and contributed to the formation of class gender professional and national identity They open windows onto late medieval debates on women's and popular literacy on the use of the vernacular for religious instruction or Bible translation on the complex metaphorical associations contained within the idea of the vernacular and on the cultural and political role of the courtly writing associated with Chaucer and his successors Besides the excerpts the book contains five essays that propose new definitions of medieval literary theory discuss the politics of Middle English writing the relation of medieval book production to notions of authorship and the status of the prologue as a genre and compare the role of the medieval vernacular to that of postcolonial literatures The book includes a substantial glossary that constitutes the first mapping of the language and terms of Middle English literary theory The Idea of the Vernacular will be an invaluable asset not only to Middle English survey courses but to courses in English literary and cultural history and courses on the history of literary theory

Metamodernism and Contemporary British Poetry Antony Rowland, 2021-10-07 This book discusses contemporary British poetry in the context of metamodernism The author argues that the concept of metamodernist poetry helps to recalibrate the opposition between mainstream and innovative poetry and he investigates whether a new generation of British poets can be accurately defined as metamodernist Antony Rowland analyses the ways in which contemporary British poets such as Geoffrey Hill J H Prynne Geraldine Monk and Sandeep Parmar have responded to the work of modernist writers as diverse as T S Eliot H D and Antonin Artaud and what Theodor Adorno describes as the overall enigma of modern

Acceptable words Jeffrey Wainwright, 2013-07-19 Geoffrey Hill has said that some great poetry recognises that words fail us These essays explore Hill's struggle over fifty years with the recalcitrance of language This book seeks to show how all his work is marked by the quest for the right pitch of utterance whether it is sorrowing angry satiric or erotic It shows how Hill's words are never lightly acceptable but an ethical act how he seeks out words he can stand by words that are getting it right This book is the most comprehensive and up to date critical work on Geoffrey Hill so far covering all his work up to *Scenes from Comus* 2005 as well as some poems yet to appear in book form It aims to contribute something to the understanding of his poetry among those who have followed it for many years and students and other readers encountering this major poet for the first time
