Choice TEN YEARS AGO BEN JACOB TURNED OUTLAW TO SAVE OUR RAREST FLOWERS THIS IS HIS STORY Obsessed by
orchids since childhood Ben spent years travelling to far flung jungles to see them in the wild Then a chance encounter set
him off on a journey of discovery into the wonderful but often forgotten world of Britain s fifty one native species These
include the Bee which looks and smells so much like one that even bees are fooled the Ghost which exists without sunlight
and Autumn Lady s Tresses which gave Darwin the proof he needed for his theory of evolution But our orchids are in
desperate trouble Many species are facing extinction Decimated by changes in land use and climate inadequately protected
by environmental and planning laws their habitats are disappearing fast Determined to act before it was too late Ben broke
into building sites in the dead of night to rescue threatened plants and turned his kitchen into a laboratory his fridge into
storage for hundreds of baby orchids and his back yard into a plantation But doing all that put him on the wrong side of the
law At once a memoir a natural history and an inspiring call to action reintroducing us to Britain s most endangered flowers
