Funeral Rites Reformation for Any African Ethnic Community Based on the Proposed New Funeral Practices for the Agikuyu Johnson Nganga Mbugua,2016-06-17 This book has been written on the premise that the mode of coping with death of virtually all African ethnic communities has taken proportions and turns that are neither cultural scriptural nor necessary Current rites are complicated time consuming expensive and are leaving most families and their neighbors impoverished They have been extremely commercialized and a large number of Africans do not have resources to bury their dead the modern way Were the Agikuyu read Africans to curb numerous funeral demands which they deem necessary and customary when in actual fact they are not funerals for them would become cheaper faster and simpler would be decent enough for the dead would take care of those left behind and would be environmentally friendly How Africans in the Diaspora away from their ancestral homeland should cope with death is also addressed Also addressed is the issue of cremation It is shown that at the resurrection God will accord us new spiritual bodies which will have no bearing with the material substance of our earthly mortal bodies *Death Liturgy and Ritual* Paul P. J. Sheppy,2003 At the beginning of the twenty first century the Christian Church continues to minister to the dying and the bereaved However it does so in a rapidly changing world The traditional understandings of death and life after death are challenged by the disciplines of medicine the law philosophy psychology and anthropology This two volume study of Christian funerary theology and practice is written from the author s direct experience of conducting funerals and of drafting liturgical resources for others In Volume I Dr Sheppy argues that the Church ought to construct its theological agenda in dialogue with other fields of study He argues for a Christian statement about death that finds its basis in the Paschal Mystery since human death must be explained by reference to Jesus death descent to the dead and resurrection Volume II reviews a wide range of current Christian funeral rites and examines how they reflect both the Church s concern for the death and resurrection of Christ and the contemporary secular demand for funerals which celebrate the life of the deceased *Pastoral Music* ,1994 **Death and Bereavement** Dewi Rees,1997-01-17 The central theme of this innovative book is the significance that people ascribe to death both within and beyond their religious beliefs and why this should be so The book provides an in depth account of the psychology of death and bereavement and in doing so places these subjects within the contexts of the major world religions and their associated mourning and funeral customs It also includes certain aspects of death such as death bed visions near death experiences and the commonly experienced sense of the presence of the deceased which are not normally included in books dealing with the psychology of death and bereavement **Console One Another** Terence P. Curley,1993 Attentive to special circumstances surrounding the deaths of children accidental deaths AIDS related deaths suicides and death after a

long illness *Console One Another* describes dynamic and healing ways for the sensitive parish community to minister to the bereaved in their midst. This commentary on the new Order of Christian Funerals fulfills the ritual's vision for including the bereaved in the Church's response to their loss and grief. *A Ministry of Consolation* Mary Alice Piil, Joseph DeGrocco, Rose Mary Cover, 1997. Beginning from a discussion of the mystery of Christian death and moving to a renewed understanding of the role of the entire community in the Funeral Rites, this book gives practical, concrete, step-by-step instructions for beginning a parish Ministry of Consolation centered around the Order of Christian Funerals.
