Ordered and Directed Acquittals in the Crown Court Brian P. Block, Claire Corbett, Jill Peay, Great Britain. Royal Commission on Criminal Justice, 1993 *Doing Research on Crime and Justice* Roy King, Emma Wincup, 2008 Focusing on the problems that novice researchers encounter when translating neat and tidy textbook methodologies into real life situations this guide explains how to undertake research in the fields of criminology and criminal justice **Criminal Justice** Andrew Sanders, Richard Young, Mandy Burton, 2010-07-15 This text concentrates on the apprehension investigation and trial of suspected offenders overlaying its analysis with a critical appraisal of the system and suggesting pointers to improvement **Sanders and Young's Criminal Justice** Lucy Welsh, Andrew Sanders, Layla Skinns, Alpa Parmar, Ed Cape, 2021 Sanders and Young's Criminal Justice is an engaging account and a rigorous critique of the criminal justice system drawing on a wide breadth of research in the field Criminal Injustice F. Belloni, J. Hodgson, 1999-10-10 Beginning with an exploration of the awful miscarriages which prompted the establishment of the Royal Commission on Criminal Justice the authors examine the role played by institutions and legal factors within the criminal process Tracking the shift from due process rhetoric to the new penology of efficient risk management of suspect populations they assess the impact of recent reforms such as curtailment of the right to silence the removal of the right to jury trial and the appeal process itself

Research Bulletin, 1994 **The Criminal Process** Andrew Ashworth, 1994 In recent years the English criminal justice system has been shaken by certain notorious cases such as the Guildford Four the Birmingham Six and the Cardiff Three The quashing of convictions in these and other cases has brought to public notice the structural deficiencies which exist in the criminal justice system In this book Professor Ashworth addresses one of the most controversial areas of the entire criminal process the pre trial stage Taking as his starting point the detention of suspects in police custody the author examines six key issues in the pre trial process the questioning of suspects cautioning of offenders prosecutorial review remand decisions mode of trial decisions and plea bargaining Drawing upon empirical research substantive law and official guidance the author considers how the rights of victims and defendants are promoted within the system and in particular considers the potential impact of the European Convention of Human Rights on the administration of criminal justice in England and Wales The recommendations of the 1993 Royal Commission on Criminal Justice are critically appraised **The Criminal Process** Liz Campbell, Andrew Ashworth, Mike Redmayne, 2019 The fifth edition of *The Criminal Process* continues in the tradition of previous editions in providing an insightful and stimulating analysis of the key issues in criminal processes and procedures The authors draw on arguments from the law research policy and principle to present an authoritative overview of this area of study This edition includes a new chapter on the interface between criminal and civil preventive justice and the addition of questions for discussion and suggested readings at the end of each chapter to facilitate debate and further research

Criminology, Penology, and Police Science Abstracts, 1994 The Case for the Right to Silence Susan M. Easton, 1998

10 Miscarriages of justice **The Judicial Role in Criminal Proceedings** Sean Doran, John D Jackson, 2000-11-04 The comparative and international book considers the future of the judicial role in criminal proceedings **Acquittal Rates** Sid Butler, 1983 *Case Screening by the Crown Prosecution Service* Debbie Crisp, David Moxon, Great Britain. Home Office. Research and Planning Unit, 1994 *Criminal Justice in Australia* Peter Sallmann, John Willis, 1984 British Reports, Translations and Theses British Library. Document Supply Centre, 1993 *Summary Justice* Paul Robertshaw, 1998 This is a study of the practice of judicial summing up to juries and of the language of persuasion and rhetoric in the English criminal process The book examines those statements normally occurring in criminal courts but also in the High Court in defamation trials and in civil liberty torts in the county courts The text of these summaries can vary in length and are significant in that they break the flow between advocates turn taking especially their final speeches In addition to its linguistic concerns the book considers the practice of summing up as a legal problem as unrecognized advocacy and examines alternatives such as the North American and Scottish minimalist legal model and a reformed summing up of patterned structure **Managing Criminal Justice** Great Britain. Home Office. Research and Planning Unit, 1985 *Criminal Justice in Crisis* Michael McConville, Lee Bridges, 1994 In recent years the English criminal justice system has been shaken to its foundations by an unprecedented series of miscarriages of justice The Guildford Four the Maguire Seven the Birmingham Six Judith Ward and Stefan Kiszko are among the most prominent of those eventually cleared of serious crimes after many years in prison While the sheer numbers of cases involved are troubling it is the underlying causes of wrongful conviction which threw the system's credibility into question and led to the establishment of the Royal Commission on Criminal Justice chaired by Lord Runciman In *Criminal Justice in Crisis* an internationally distinguished group of leading academics practitioners and campaigners critically examine the Royal Commission's Report with its proposals for removal of the right of a defendant to elect jury trial the introduction of institutionalised plea bargaining a compulsory obligation on the defence to disclose its case prior to trial and extended police powers over suspects The authors provide detailed criticisms of the Report at empirical practical policy and theoretical levels At best the Report is seen as unhelpful at worst it is considered a dangerous contribution to reform efforts This important book will be welcomed by scholars practitioners and researchers as the only extended analysis of the Runciman Report available and for providing a broad analysis of the theory and politics of criminal justice **HMSO Monthly Catalogue** Great Britain. Her Majesty's Stationery Office, 1993 International Exchange of Information on Current Criminological Research Projects in Member States of the Council of Europe, 1981
