Bamyeh, 2009-05-16 This original and impressively researched book explores the concept of anarchy unimposed order as the most humane and stable form of order in a chaotic world Mohammed A Bamyeh

traces the historical foundations of anarchy and convincingly presents it as an alternative to both tyranny and democracy He shows how anarchy is the best manifestation of civic order of a healthy civil society and of humanity's noblest attributes The author contends that humanity thrives on self regulation rather than imposed order that large systems are inherently more prone to tyranny than small systems that power is the enemy of freedom and that freedom and community are complementary rather than opposing values He concludes that a more rational world is produced not by delegated representatives but by direct participation in common affairs Bamyeh offers a concise philosophy of anarchy in the context of war civil society global order experiences of freedom solidarity the evolution of modern states and tax systems He distinguishes anarchy from more familiar ways of thinking about the relationship between state and society that highlight the importance of power and control for social order Further he argues that the necessity for expert guidance or social collaboration in some areas of common public life does not require such areas to be run by a grand overarching or representative state A cogent and compelling critique of the modern state this provocative book clarifies how anarchy may be both a guide for rational social order and a science of humanity

Hamas' Response towards Israel in Times of Cold Peace** Christian Graf, 2015-08-03 Bachelor Thesis from the year 2015 in the subject Politics Region Near East Near Orient grade 2 3 University of Bamberg language English abstract Since the establishment of an Israeli state on May 14 1948 there has been conflict between the Israeli and the Palestinian people The conflict was fueled by Israel's occupation of the historic regions of Palestine in 1967 which included the West Bank and the Gaza Strip Both the West Bank and the Gaza Strip are controlled by Israel Today many Palestinian refugees are still suffering under the military pressure and of the blockades of the borders by Israel It is not surprising that the Palestinian people want to free themselves from the occupation by Israel and establish their own autonomous state That is why the Palestine Liberation Organization was established in 1969 that saw a military fight and the destruction of Israel as the only options for liberating Palestine at that time In 1974 the PLO indirectly recognized Israel as a state The Arabic states liked the idea that a national authority should be established in the free parts of the Palestinian territories Hence the Arabic States recognized the PLO as the only legitimate representation of the Palestinians Over time many Palestinian parties were established such as Fatah who articulated and transferred its interests through the PLO and constituted the government of the Palestinians before the elections in 2006 Hamas as the major opponent of Fatah which was listed as a terrorist organization by the international community until today was elected as the quasi government in the Gaza Strip in 2006 Since then tensions between Palestinians respectively Hamas and Israel increased After the elections of Hamas there have been several attacks

by Israel and Hamas In November 2012 Israel and Hamas agreed on a ceasefire However both Israel and Hamas launched minor attacks against each other In doing so both have violated the agreements of the ceasefire which still remained at that time It can be said that a cold peace existed between both Hamas and Israel Until the outbreak of the Gaza War in 2014 there have been no major military operations by Israel and no major rocket attacks by Hamas It can be said that a cold peace existed between both the Hamas and Israel However on June the 8th 2014 Hamas fired large numbers of rockets into Israel and initiated the
