

A serene sunset over a body of water with a small boat in the foreground. The sky is a mix of deep blue, purple, and pink, with soft clouds. The water reflects the colors of the sky. A small boat is visible in the foreground, and a few distant lights are on the horizon.

**Remember, Angels are both God's messengers
and God's message, witness to eternity in
time, to the presence of the divine amidst
the ordinary. Every moment of every day is
riddled by their traces.**

Ordinary Messengers

Rev. William Passmore

Ordinary Messengers:

Tracing the Literary and Symbolic Significance of the Messenger through History Mohan Gopinath, 2023-11-20 This book is a unique study of how the role of the messenger has changed throughout history starting from ancient times and ending with the person's role today. The chapters include an analysis of the personal characteristics required by a messenger, the dangers they often have to face especially in troubled times and how they have the power to change the course of history because of their functions. The book analyses various types of messengers who were and are still significant and ends by looking at how the role will continue to develop and change taking technological advances into account. The book in short is unusual, captivating and will be of interest to an informed general readership and academics of various disciplines. Of particular interest will be the analysis the book provides of the messengers we send into space in search of life and the potential messengers who will visit our planet in the future.

Cultures of Correspondence in Early Modern Britain James Daybell, Andrew Gordon, 2016-06-28 In *Cultures of Correspondence in Early Modern Britain* leading scholars approach the letter from different disciplinary perspectives to illuminate its workings. Contributors to this volume examine how elements such as handwriting, seals, ink and use of space were vitally significant to how letters communicated.

A mere scanning of the names of those who have from year to year delivered these lectures is enough to daunt any newcomer to their ranks; sufficient is it also to quell and selfish pride except of course the rightful pride and honor that one must feel as I do in being invited to deliver this lecture especially as I do it in the city where I was ordained in 1939 and at the completion of my fortieth year in the ministry.
