Washington Historical Quarterly, 1915 *The Pacific Raincoast* Robert Bunting, 1997 This work chronicles the struggle for the Douglas fir region from the first sustained contact between native American and Euro American cultures to 1900 when Fredrick Weyerhaeuser's purchase of some of the area completed one of the largest land deals in US history

The Great Columbia Plain Donald W. Meinig, 2016-06-01 Dismissed in early years as a wasteland the rolling open country that covers the interior parts of Washington Oregon and Idaho is today one of the richest farmlands in the nation This work is the story of its transformation Meinig traces all of the aspects of its development by combining geographic description with historical narrative **Oregon Geographic Names** Lewis Ankeny McArthur, 1928 *American Exploration and Travel Series*, 1937

Respect for the Ancestors Peter N. Jones, 2005 In 1996 on the banks of the Columbia River a 9 300 year old skeleton was found that would become the impetus for the first legal assault on the Native American Graves Protection and Repatriation Act NAGPRA The Kennewick Man as it came to be called put to test whether the American Indian tribes of the area were culturally affiliated with the skeleton as they claim and their oral traditions affirm or whether the skeleton was affiliated with a people who are no longer present At the same time another 9 000 year old skeleton was found in the storage facility of the Nevada State Museum where it had gone unnoticed for the past 50 years Like the Kennewick Man the Spirit Cave Mummy also brought to fore the question of cultural affiliation between contemporary American Indian tribes of the western Great Basin and those people who resided in the area during the Late Pleistocene and Early Holocene Cultural anthropologist Peter N Jones tackles these contentious questions in this landmark study *Respect for the Ancestors* For the first time in a single work the question of cultural affiliation between the present day American Indians of the American West and the people of the distant past is examined using multiple lines of evidence Out of this comprehensive study a picture of continuous cultural evolution and adaptation between the peoples of the ancient past and those of the present day emerges from the evidence Further important implications for the field of anthropology are discussed as a result of this benchmark study Anyone working in the American West today will benefit from this book **Forgotten Trails** Ron Anglin, 2021-10-13

Indian inhabitants laid out the basic travel routes in central Washington's Grand Coulee country probably 10 000 to 12 000 years ago In the early 1800s horse oriented Native Americans continued to use these routes a host of white frontiersmen followed in their footsteps Though their passage is now largely forgotten many individuals prominent in Western history traveled this way and kept excellent records In *Forgotten Trails* the most noteworthy and exciting of these accounts have been edited into a single volume Included are the adventures of Lewis and Clark and the Canadian explorer David Thompson early missionaries such as the Reverend Samuel Parker railroad surveyors and scientists Paul Kane and other artists as well

as fur traders miners stockmen military roadbuilders and homesteaders The book ends with the celebrated Grand Horse Roundup of 1906 and an enthralling Native American perspective These firsthand accounts together with a chapter on traditional Plateau Indian culture and an oral history describing 19th century Indian life render a portrait of the region s trails and travelers during its flamboyant and exciting frontier era Forgotten Trails is an essential contribution to the literature of the Columbia Basin *Historical Outlook* ,1920 *Blacks in the American West and Beyond--America, Canada, and Mexico* George H. Junne,2000-05-30 Almost a century before their arrival in the English New World Blacks appeared alongside the Spanish in what is now the American West Through their families communities and institutions these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment Comprehensively indexing a variety of research materials on Blacks in the North American West Junne offers an invaluable navigational tool for students of American and African American history Entries are organized both geographically and topically and cover a broad range of subjects including cross cultural interaction health art and law Contains a complete compilation of African American newspapers *List of Periodicals in the Oregon Agricultural College Library April 1, 1921* Oregon (State) State University, Corvallis. Library,1921 **The Commonwealth Review of the University of Oregon** Frederick George Young,1919 **The Forested Land** Robert E. Ficken,2012-06-27 No detailed description available for The Forested Land **The Fur Trader and the Indian** Lewis O. Saum,1965 **The Commonwealth review of the University of Oregon** ,1922 **The Journal of John Work, January to October, 1835** John Work,1945 **The Canadian Historical Review** ,1928
