**Thomson Handbook** David Blakesley, Jeffrey Laurence Hoogeveen, 2006-08 THE THOMSON HANDBOOK PREVIEW EDITION is an early look at the rhetorical handbook for the digital age THE THOMSON HANDBOOK puts students writing front and center with an innovative page format that keeps students attention focused on their own writing and on activities checklists

projects and visual aids that help them write. The page design and innovative visuals make information about writing, reading, research documentation, technology, and grammar easy for students to access and understand. To accomplish their writing tasks, students are taught to ground their rhetorical decisions in the specific context in which they are writing. As a further aid to writing and research, THE THOMSON HANDBOOK gives students more and better information on using technology than any other handbook. Technology Toolboxes throughout, as well as two dedicated parts of the book (Parts 5 and 6) teach students how to apply technology to their writing tasks, whether the task is to write a personal essay, a persuasive essay, a critical review, a photographic essay, a technology autobiography, a blog, a website, or more than twenty other different kinds of writing projects.
