Oral Traditions Of Anuta:

Oral Traditions of Anuta : A Polynesian Outlier in the Solomon Islands Richard Feinberg Professor of Anthropology Kent State University, 1998-04-28 Anuta is a small Polynesian community in the eastern Solomon Islands that has had minimal contact with outside cultural forces Even at the end of the twentieth century it remains one of the most traditional and isolated islands in the insular Pacific In Oral Traditions of Anuta Richard Feinberg offers a telling collection of Anutan historical narratives including indigenous texts and English translations This rich thorough assemblage is the result of a collaborative project between Feinberg and a large cross section of the Anutan community that developed over a period of twenty five years The volume s emphasis is ethnographic consisting of a number of texts as related by the island s most respected experts in matters of traditional history Feinberg s annotations which arm the reader with essential ethnographic and historical contexts clarify important linguistic and cultural issues that arise from the stories The texts themselves have important implications for the relationship of oral tradition to history and symbolic structures and afford new evidence pertinent to Polynesian language sub grouping Further they provide insight into a number of Anutan customs and preoccupations while also suggesting certain widespread Polynesian practices dating back to the pre contact and early contact periods

Spirits in Culture, History and Mind Jeannette Mageo,Alan Howard,2012-12-06 Spirits in Culture History and Mind reintegrates spirits into comparative theories of religion which have tended to focus on institutionalized forms of belief associated with gods It brings an historical perspective to culturally patterned experiences with spirits and examines spirits as a locus of tension between traditional and foreign values Taking as a point of departure shifting local views of self nine case studies drawn from Pacific societies analyze religious phenomena at the intersection of social psychological and historical processes The varied approaches taken in these case studies provide a richness of perspective with each lens illuminating different aspects of spirit related experience All however bring a sense of historical process to bear on psychological and symbolic approaches to religion shedding new light on the ways spirits relate to other cultural phenomena

Island Societies Patrick Vinton Kirch,1986-10-09 Concentrating their attention on the Pacific Islands the contributors to this book show how the tightly focused social and economic systems of islands offer archaeologists a series of unique opportunities for tracking and explaining prehistoric change From the 1950s onwards excavations in such islands as Fiji Palau and Hawaii revolutionised Oceanic archaeology and as the major problems of cultural origins and island sequences were resolved archaeologists came increasingly to study social change and to integrate newly acquired data on material culture with older ethnographic and ethnohistorical materials The fascinating results of this work centring on the evolution of complex Oceanic chiefdoms into something very much like classic archaic states are authoritatively surveyed here

Polynesian Seafaring and Navigation Richard Feinberg,2003-03-24 After fourteen months of field research in 1972 73 and an additional four months of field work with the Anutans in the Solomon Islands capital of Honiara in 1983 Richard Feinberg here provides a thorough study of Anutan seafaring and navigation In doing so he gives rare insights into the larger picture of how Polynesians have adapted to the sea This richly illustrated book explores the theory and technique used by Anutans in construction use and handling of their craft the navigational skills still employed in interisland voyaging and their culturally patterned attitudes toward the ocean and travel on the high seas Further the discussion is set within the context of social relations values and the Anutan s own symbolic definitions of the world in which they live
