ways that often paralleled better known developments in the contemporary novel Ultimately Phillips proposes a new model for the study of historiographical narrative Countering tropological readings identified with Hayden White he offers a more historically nuanced approach that stresses questions of genre and reception as a guide to understanding how narratives were reshaped by new audiences and new social needs Drawing inspiration from both the social analysis of the Scottish Enlightenment and the sentimental aesthetics of the contemporary novel historical writing began to explore the areas of social experience and private life for which there was no place in classical historiography The consequence Phillips argues was a significant reframing of historical thought that expressed itself through new themes including the histories of commerce manners literature and women and through some lively experiments in narrative form This book offers a rich picture of historiography that will interest students of history and fiction alike Reports of Cases Determined in the Courts of Appeal of the State of California ,1923 **Motherest** Kristen Iskandrian,2016-07-05 Marrying the sharp insights of Jenny Offill with the dark humor of Maria Semple Motherest is an inventive and moving coming of age novel that captures the pain of fractured family life the heat of new love and the particular magic of the female friendship all through the lens of a fraying daughter mother bond It s the early 1990s and Agnes is running out of people she can count on A new college student she is caught between the broken home she leaves behind and the wilderness of campus life What she needs most is her mother who has seemingly disappeared and her brother who left the family tragically a few years prior As Agnes falls into new romance mines female friendships for intimacy and struggles to find her footing she writes letters to her mother both to conjure a closeness they never had and to try to translate her experiences to herself When she finds out she is pregnant Agnes begins to contend with what it means to be a mother and in some ways what it means to be your own mother *The Northwestern Reporter* ,1919 The Miscellaneous Reports ,1925 **Reports of cases argued and determined in the Supreme Court of the State of Montana** ,1910 **The Pacific Reporter** ,1919 *California.
