2026 Guide Digital Literacy

Ellen C. Carillo

2026 Guide Digital Literacy:

The Radical Case for Teaching Skim Reading in First-Year Writing Ellen C. Carillo, 2025-10-15 The Radical Case for Teaching Skim Reading in First Year Writing encourages faculty particularly in writing studies to check internal biases toward deep reading and teach skim reading in first year writing courses Written by Ellen C Carillo who has previously published on the importance of teaching deep reading this small book is a controversial prompt for further discussion and exploration Data from studies of the lived experiences of undergraduates indicate that students do not need deep reading practices in the majority of their classes across the disciplines and moreover that students succeed in their classes by skim reading Rather than imagining an idealized set of circumstances that allow for sustained deep reading as does a great deal of the scholarship on reading in writing studies The Radical Case for Teaching Skim Reading in First Year Writing argues for teaching students reading practices that will support their success in their college writing assignments rather than those strategies the field believes should support their success In our information landscape and our fragile democracy encouraging skimming as opposed to deep reading may seem like a gamble this very tendency toward the quick rather than the critical has undoubtedly contributed to the current crisis of mass misinformation However teaching students to use skim reading as a strategic tool for purposeful engagement and efficient yet thoughtful information filtering better equips them to navigate the rapidly changing information landscape and manage the fast paced flow of content from diverse media sources

Advancing Innovative Cybersecurity Solutions and Approaches to Protect Digital Ecosystems Jabu Mtsweni, Modimowabarwa Kanyane, Jackie Phahlamohlaka, Willard Munyoka, Kerry-Lynn Thomson, Lynn Fatcher, Joey Jansen van Vuuren, 2026-01-03 This book constitutes the proceedings of the First IFIP TC 9 TC 11 International Cybersecurity Conference IFIP UNIVEN CSIR ICC 2025 held in Tshwane South Africa in December 2025 The 17 full papers included in the proceedings were carefully reviewed and selected from 43 submissions They were organized in topical sections as follows Security in Emerging and Advanced Technologies AI ML and Blockchain Cybersecurity Governance Policy and National Strategies Cybersecurity Education Training and Human Factors Security Architectures Models and Authentication Mechanisms **Global Perspectives on Digital Governance and National Transformation** Akman, Elvettin, Akman, Çiğdem, 2025-12-11 Countries worldwide leverage technology to reshape institutions economies and public services As digital infrastructures expand and data driven decision making becomes central to governance nations face both opportunities and challenges in ensuring transparency inclusion and security Examining these diverse approaches highlights the ways digital strategies can accelerate development strengthen state capacity and redefine the relationship between governments and citizens Understanding these global trends is essential for navigating the future of governance in an interconnected digital landscape Global Perspectives on Digital Governance and National Transformation explores how countries design and implement digital governance strategies to drive national development and institutional transformation It examines the

opportunities and challenges these approaches create for transparency citizen engagement economic growth and global digital cooperation This book covers topics such as smart cities public administration and digitalization and is a useful resource for business owners government officials policymakers engineers academicians researchers and scientists

CURRENT Practice Guidelines in Primary Care 2025-2026 Jacob A. David, 2025-01-17 The authoritative guidelines primary care clinicians need to diagnose and treat the most common outpatient conditions compiled distilled and updated for easy referencing Striking the perfect balance between brevity and clinical necessity this annual resource presents all the latest evidence based guidelines clinicians need to treat the most common outpatient conditions The most thorough print compendium of guidelines for primary care practice the book features content drawn from government agencies expert panels medical specialty organizations and other professional and scientific authorities CURRENT Practice Guidelines in Primary Care 2025 2026 converts lengthy and cumbersome text into a practical relevant collection of available options for busy clinicians Each topic is carefully selected for relevance to the office practice of ambulatory medicine and the text is presented in a convenient easy to navigate outline and tabular format The system based organization makes information retrieval fast easy and logical Content is drawn from a wide array of recommendations from government agencies expert panels medical specialty organizations and other professional and scientific authorities NEW Updates reflecting the review of more than 150 guidelines Guideline Discordance Tables highlight when major guidelines do not mirror each other Topics are carefully selected for relevance to the office practice of ambulatory medicine and the text is enhanced by a convenient outline and tabular format Screening and prevention of conditions have been combined to enhance clinician use

Innovative Technologies and Learning Wei-Sheng Wang, Frode Eika Sandnes, Chin-Feng Lai, Tengel Aas Sandtrø, Yueh-Min Huang, 2025-08-15 The two volume set LNCS 15913 and 15914 constitutes the refereed conference proceedings of the 8th International Conference on Innovative Technologies and Learning ICITL 2025 held in Oslo Norway during August 5 7 2025 The 82 papers included in these proceedings were carefully reviewed and selected from 214 submissions The papers are organized in the following topical sections Part I Artificial Intelligence in Education Computational Thinking in Education Design and Framework of Learning Systems VR AR MR XR in Education Part II Pedagogies to Innovative Technologies and Learning STEM STEAM Education Application and Design of Generative Artificial Intelligence in Education **Digital Inequality** Anna Gladkova, Elena Vartanova, Shi-xu, 2024-12-16 Tracing the development of new technological skills and digital cultures this book looks at the rise of new digital divides and reveals how these inequalities affect cross cultural communication from a cultural discourse studies perspective in various ethnic and cultural groups across the world The authors discuss the development of multicultural societies across the globe under new challenges brought by digitalization such as digital exclusion new professional and personal demands in terms of digital engagement In addition to highlighting digital inequalities in access use and benefits of using ICTs case studies from

different national contexts demonstrate the ways minority ethnic and cultural groups are adapting to the new digital environment explore the transformations that multicultural affairs and communication undergo in the new digital setting and analyse policy measures aimed at fostering digital inclusion of minor groups The book advances knowledge of the digital divide showing its development from a technological access and skill based problem into a social and culture oriented one This resourceful text will be of interest to students and scholars of social inequality digital media and communication studies and anyone interested in learning how multicultural discourses are developing in varied national contexts today **A**

Barista's Guide to Love & Larceny Caroline Bonin, 2026-01-13 This cozy fantasy romance combines magic first love and college life into a sweetly brewed and delicious read about a girl roped into investigating a company's dangerous product perfect for fans of Coffeeshop in an Alternate Universe A perfect blend of cozy and heist I loved it Sarah Beth Durst New York Times bestselling author of The Spellshop Dani Lionet is no stranger to working hard But now she's attending her dream magic university and must manage classes shifts at the local cafe and maintaining her partial scholarship all while trying to keep her unique ability under wraps That way no one else can take advantage of it like her parents used to So when a visiting professor calls Dani out on her ability she's terrified Yet it seems Professor Silva just wants to pay Dani to use it to investigate a soon to be released lucid dreaming product with horrible side effects Dani is hesitant but she needs the money and it would help her new friend who was part of the product's clinical trials Plus she has a swoony distraction in Kass a mage and her endearingly cute new regular at work even if she can't tell him about her ability or extracurricular activities The fact that he seems just as interested in her is very uncharted territory for Dani since thanks to her parents she's never lived in one place long enough to have a real crush Can Dani help with the professor's group project learn to embrace her ability and get to know Kass Or will it all fall apart before the semester is over This enchantingly cozy read is perfect for Readers looking for an accessible entry into fantasy books Those who enjoyed To All the Boys I've Loved Before or The Very Secret Society of Irregular Witches Fans of college and or New Adult stories People who enjoy light heist elements in a story Stans of Taylor Swift's Speak Now album especially the song Enchanted Anyone who knows all too well how expensive higher education can be
