of rules used to modify pronunciations so that words connect and flow more smoothly in natural speech than have to. Native speakers of English tend to feel that connected speech is friendlier, more natural, more sympathetic and more personal. Is there any reason why learners of English would prefer to be viewed as unfriendly, unnatural, unsympathetic and impersonal? The great news is that such rules can and should be explained and taught. This book makes available fun and interesting lessons presented in a systematic way that is directly useful in the ESL/EFL classroom. Teaching Speaking, Revised TASHA. SMITH BLEISTEIN (MELISSA K. A subsequent section deals with the use of technology in the listening classroom and the next with listening for academic purposes especially at the higher education level where instruction is often provided in a second language. The final section draws together disparate tasks that deal with affective aspects of the listening process using songs and relaxation techniques. An addendum includes tasks for dealing with problems in the listening classroom. MSE. Intervention Planning for Adults with Communication Problems Harriet B. Klein, Nelson Moses, 1999.
