A Newcomer's Guide to the Bible Michael C. Armour, 1999 A Newcomer's Guide to the Bible serves readers whom other guides to the Bible overlook. Many introductory studies presume that their readers already possess a rudimentary knowledge of the Bible. But today even the most common Biblical terms are unfamiliar to broad segments of the population. When people like this develop an interest in Christianity as mil lions do they find that the average Bible class is over their heads. They also discover that basic reference materials about the Bible may exceed their level of understanding. A Newcomer's Guide to the Bible was written with these very people in mind.
