## Next Door To Romance:

**Next Door to Romance** Margaret Malcolm,1970     *Living Next Door to the God of Love* Justina Robson,2006-03-28  
Where do you run when a world is out to get you AIs Forged beings superheroes angels and worlds that change in the blink of an eye here is a richly imagined tale of ordinary redemption in an extraordinary world from one of the most provocative writers working today Francine is a young runaway looking to find a definition of love she can trust In Sankhara she finds a palace where rooms are made of bone flowers and the hearts of heroes She finds a scientist mapping the territory of the human mind She finds a boyfriend And she finds Eros itself incarnated in the androgynously irresistible form of Jalaeka But not everyone is in love with the god of love Unity for one wants to assimilate Jalaeka along with every other soul in the universe And contrary to what everyone always believes love alone can't save the day It will take something both more and less powerful than the human heart to save the worlds upon worlds at risk when gods collide For Robson world building is a literary device like any other useful for exposing buried fears and desires to the light of day no matter how strange the sun
