Next Valley Over An Anglers Progress:

The Next Valley Over Charles Gaines, 2017-07-25 Acclaimed sporting and adventure writer Charles Gaines has spent much of his life on the water around the world fishing rod in hand angling for trout redfish salmon bonefish bass marlin tuna and practically everything else that swims Just about any place where there s water to fish and eccentrics to keep him company Gaines has been The Next Valley Over a collection of his best writing on fishing from his long and storied career is culled from the pages of Men s Journal Forbes and Sports Afield among other publications and ultimately is about the heart of the sport While his stories are lined with the accoutrement of angling the art of technique the equipment the lodges the fish themselves they re really about why we love to fish and what it means to our culture As Thoreau once said Many men go fishing all their lives without knowing that it is not fish they are after What they are after is what Charles is curious about and he has devoted the better part of his life and sanity to coming up with answers Starting and ending at the majestic Lake Tadpole in St Clair County Alabama where Gaines s love of fishing was initially sparked the Next Valley Over chronicles exploits in exotic locations with eccentric characters In the process of his quest of nearly every species known to man Gaines explores what we are really searching for when we fish

Angling Days Robert DeMott, 2016-06-28 From the very first it seems fishing was a respite and a therapy along with all of its other potentially redemptive qualities Robert DeMott Spanning more than forty five years Angling Days is a collection of Robert DeMott s numerous journal entries each a small essay in itself jotted down during the placid moments of fishing in and along the streams and rivers of North America Through his journaling DeMott carries on the angling tradition of channeling the tranquility of fly fishing into creative endeavors whether by painting sketching fly tying or writing For him it was writing something he did whenever he could whether in the midst of fishing or during a break away from the water Angling Days is a lifetime of work a chronicle of what it is to be an angler seeking the most pristine waters and the smartest fish It is a collection of entries and musings in the vein of DeMott s literary hero Henry David Thoreau and promises to shine a new light on the art and joy of fly fishing

Casting Quiet Waters Jake MacDonald, 2014-10-25 In Casting Quiet Waters some of North America s most respected literary writers take us on a fishing trip and use that as an opportunity to explore issues of the human condition A little more than five centuries ago an odd English nun named Dame Juliana Berners The Prioress of St Albans wrote the first book about fishing Her obscure but legendary tome a Treatysse of Fyshynge wyth an Angle is as much a work of philosophy as a how to manual and in it she prescribes fishing as a cure for domestic calamitie This anthology responds to her advice A dozen of North America s top writers embark on individual fishing trips and see if limpid water and the silence of wild places will help them reflect on their own lives and calamities The exploratory process of writing is not so different from the process of trawling the unknown invisible world beneath the surface of a river or lake The angler and writer both toss lines chase shadows and spend countless hours pondering what might have been if they d handled that last opportunity with more gentleness and skill

Waters Far and Near Charles Gaines, 2015-04-07 From the glacial lakes of Patagonia to the safari camps of Zambia Charles Gaines has traversed the globe in search of the elusive catch Traveling by helicopter kayak ship or houseboat on lakes rivers oceans and everglades he has visited five continents and over 20 countries following his primary passion fly fishing But as with any epic quest the adventure made up of wild stories salty characters breathtaking settings and close calls is often more rewarding than the slippery goal itself In *Have Fly Rod Will Travel* Charles Gaines presents a collection of essays that each begin in pursuit of a fish but ultimately wind through back roads volcanic landscapes game reserves and remote villages taking the reader on expeditions that reach far beyond the bait and tackle Along the way he weaves in historical context environmental concerns and vividly detailed portraits of the fellow adventurers and guides who share his obsession for the sport Tom McGuane calls Gaines s writing fresh original and downright elegant John Rasmus former editor in chief of National Geographic Adventure says Gaines breaks your heart with his stories his voice and the rhythm and control in his prose Charles Gaines captures the sport and the passions it evokes with a sense of adventure grace and magic

Lords of the Fly Monte Burke, 2020-09-01 From the bestselling author of *Saban 4th* and *Goal and Sowbelly* comes the thrilling untold story of the quest for the world record tarpon on a fly rod a tale that reveals as much about Man as it does about the fish In the late 1970s and early 1980s something unique happened in the quiet little town on the west coast of Florida known as Homosassa The best fly anglers in the world Lefty Kreh Stu Apte Ted Williams Tom Evans Billy Pate and others all gathered together to chase the same Holy Grail The world record for the world s most glamorous and sought after fly rod species the tarpon The anglers would meet each morning for breakfast They would compete out on the water during the day eat dinner together at night socialize and party Some harder than others The world record fell nearly every year But records weren t the only things that were broken Hooks lines rods reels hearts and marriages didn t survive either The egos involved made the atmosphere electric The difficulty of the quest made it legitimate The drugs and romantic entanglements that were swept in with the tide would finally make it all veer out of control It was a confluence of people and place that had

never happened before in the world of fishing and will never happen again It was a collision of the top anglers and the top species of fish which would lead to smashed lives for nearly all involved man and fish alike In *Lords of the Fly* Burke an obsessed tarpon fly angler himself delves into this incredible moment He examines the growing popularity of the tarpon an amazing fish has been around for 50 million years can live to 80 years old and can grow to 300 pounds in weight It is a massive leaping bullet train of a fish When hooked in shallow water it produces immediate unreality as the late poet and tarpon obsessive Richard Brautigan once described it Burke also chronicles the heartbreaking destruction that exists as a result brought on by greed environmental degradation and the shenanigans of a notorious Miami gangster and how all of it has shaped our contemporary fishery Filled with larger than life characters and vivid prose *Lords of the Fly* is not only a must read for anglers of all stripes but also for those interested in the desperate yearning of the human condition
