Obra reunida de Patricia Shaw: Literatura renacentista Patricia Shaw Fairman, 2000 **Obra reunida: Ensayos y traducciones** Ernesto de la Peña, 2007 **Neo-Avant-Gardes** Bart Vervaeck, 2021-08-20 What are the forms in which the avant garde returns after the Second World War How does the literary avant garde re invent itself without losing its affinity with historical avant garde currents such as surrealism and futurism This book explores the international relevance of the concept of neo avant garde for the study of post war literary innovations covering North American Latin American Caribbean Austrian French British Belgian Dutch and German cases Each of the twenty one newly commissioned chapters combines theoretical reflection with practical analysis Together they provide a multi faceted account of diverse group and trends such as the New Realists Black Arts Movement Labris and the Vienna Group They also focus on a wide range of authors like Pierre Alferi Amiri Baraka Konrad Bayer Mario Bellatin Kamau Brathwaite and Anna Kavan In addition they pay attention to specific techniques including erasure lyricisation and montage and to specific genres such as comic books experimental fiction and visual poetry Latin American Dramatists since 1945 Tony A. Harvell, 2003-09-30 This resource compiles and locates biographical and bibliographical information of over 700 prominent Latin American dramatists of the late 20th century and their plays in 20 different countries and it lists over 7 000 plays arranged by country and by author Author biographies consist of year and place of birth education careers other literary genres and awards and prizes The bibliographic listings include various editions of plays followed by references to the plays in anthologies collections or periodicals Latin American theater is rooted in the rich historical traditions of both the indigenous cultures of the region and those of Spain In the second half of the 20th century immigration to Latin America from Europe the Middle East Africa and Asia also proved influential and theater became a means of social protest The military and political dictatorships of the late 20th century often censored plays and persecuted playwrights This resource compiles and locates biographical and bibliographical information about over 700 prominent Latin American dramatists and their plays in 20 different countries and it lists over 7 000 plays arranged by country and by author Author biographies consist of year and place of birth education careers other literary genres and awards and prizes The bibliographic listings include various editions of plays followed by references to the plays in anthologies collections or periodicals Obras reunidas Sergio Pit0l, 2003 It was in 2006 that Mexican writer Sergio Pit0l born in 1933 received a definite international honor In April he was awarded the Premio Cervantes de Literatura equivalent of the Nobel Prize of Spanish literature His literary universe blends autobiography fiction essay and chronicle with incomparable magic This first volume of his collected words presents his first two novels El taqido de una flauta 1973 and Juegos Florales 1985 **Trans-Pacific Encounters** Koichi Hagimoto, 2016-04-26 While the origin of trans pacific contact between Asia and the New World can be traced as far back as the pre Columbian period it was not until the fifteenth century that communication across the Pacific became constant Despite this history the myriad encounters that constitute the basic

contours of transpacific studies have often been overshadowed by the traditional emphasis on transatlantic studies In addition although socio political ties between Asia and Latin America have drawn attention among politicians and economists in recent years there continues to be a critical void in the studies of literary cultural and historical relations between the two regions This book challenges this double negligence and engages in a global discussion about the relationship between Asia and the Hispanic world which includes not only Spanish America but also the Philippines under the Spanish empire The essays presented in this volume explore the multidimensional nature of the trans pacific intersection through historical studies as well as literary and cultural criticism Topics investigated include for example the overlooked aspect of the Hispanic Philippines the Orientalized images of Latin American colonial art modernista and vanguardista writings about India and the experience of a Peruvian migrant worker in contemporary Japan The diverse perspectives that the authors offer create a dialogue with each other and together provide an interdisciplinary approach to the understanding of trans pacific encounters both past and present

Obras reunidas: Novela, dos Ricardo Garibay, 2001

From Shakespeare to Autofiction Martin Procházka , 2024-04-23 From Shakespeare to Autofiction focuses on salient features of authorship throughout modernity ranging from transformations of oral tradition and the roles of empirical authors through collaborative authorship and authorship as cultural capital to the shifting roles of authors in recent autofiction and biofiction In response to Roland Barthes removal of the Author and its substitution by Michel Foucault s author function different historical forms of modern authorship are approached as multiplicities integrated by agency performativity and intensity in the theories of Pierre Bourdieu Wolfgang Iser Gilles Deleuze and Félix Guattari The book also reassesses recent debates of authorship in European and Latin American literatures It demonstrates that the outcomes of these debates need wider theoretical and methodological reflection that takes into account the historical development of authorship and changing understandings of fiction performativity and new media Individual chapters trace significant moments in the history of authorship from the early modernity to the present from Shakespeare s First Folio to Latin

American experimental autofiction and discuss the methodologies reinstating the author and authorship as the irreducible aspects of literary process Praise for From Shakespeare to Autofiction In this collection a multicultural group of literary scholars analyse a rich array of authorship types and models across four centuries After decades of liquid poststructuralist concepts it is refreshing and inspiring to think through such diversity of authorship strategies from oral culture through sociological constructs to self referential and autobiographical ontological games that writers play with us their readers Pavel Dr bek University of Hull **Obras selectas** Juan Bautista Alberdi,1920 **Revista** Academia Brasileira de Letras,1921 *Compendio de etnias indígenas y ecoregiones de Bolivia* Alvaro Díez Astete,2018 *Obras* Gregório de Matos,1929 **Antología de literatura infantil y juvenil de Bolivia** Isabel Mesa,2015 **Obras reunidas: El tañido de una flauta.
