Lethal Repetition Richard Dyer,2015-11-29 Serial killing is an extremely rare phenomenon in reality that is nonetheless remarkably widespread in the cultural imagination Moreover despite its rarity it is also taken to be an expression of characteristic aspects of humanity masculinity or our times Richard Dyer investigates this paradox focusing on the notion at its heart seriality He considers the aesthetics of the repetition of nastiness and how this relates to the perceptions and anxieties that images of serial killing highlight in the societies that produce them Shifting the focus away from the US which is often seen as the home of the serial killer *Lethal Repetition* instead examines serial killing in European culture and cinema ranging from Scandinavia to the Mediterranean and from Britain to Romania Spanning all brows of cinema including avant garde art mainstream and trash Dyer provides case studies on Jack the Ripper the equation of Nazism with serial killing and the Italian giallo film to explore what this marginal and uncommon crime is being made to mean on European screens

Transcending Sorrow and Suffering (Trust-Test-Taste) Col. Bishan Singh,2014-08-21 Self realization is the key factor to transcend sorrow and sufferings Sorrow and suffering are the products of mind which keeps weaving illusory and imaginary world at its own as it happens during the dream Sorrow and sufferings are dissolved when one goes beyond mind through enriching consciousness free of contents Mind remains restless disturbed and noisy when it is loaded with information and worldly knowledge Non desiring and non wavering mind is required for total transformation to experience the joy and ecstasy of your divine nature Living a self esteemed life empowers man with will wisdom self confidence inner power purity love peace joy enthusiasm and compassion so that man strives without seeking and struggles without greed for a peaceful and harmonious living bringing order and discipline in the world dissolving clash and conflict This is the essence of ancient wisdom and an eternal thought which transformed man to go beyond human sorrows and sufferings Transforming oneself is the greatest effort but most rewarding and paying This wisdom has come to us from trustworthy and enlightened souls of the past It had happened to them through total trust in their true being divinity which they experienced through testing it from within their own self and later tasted it by living life that way with total silence joy and peace You should also trust test and taste
