Observation Reflection Claude Monet:

Claude Monet, Observation and Reflection Joel Isaacson, Claude Monet, 1978 **Observation and Reflection** Angela Mevo, 1988 *Claude Monet, Observation and Reflection* Joel Isaacson, Claude Monet, 1978 **Monet and His Muse** Mary Mathews Gedo, 2010-09-30 Mary Mathews Gedo

s Monet and His Muse is a highly original work of impeccable scholarship not only because it provides the first thorough and penetrating psychobiographical portrait of the artist but also because of its unusual focus on the profound role that the painter's first wife played in his life and art Gedo has absolute command of both the Monet literature and primary sources and here she locates the artist's wife and frequent model Camille within the imaginatively rich network of Monet's associations with the women in his life and with various conscious and unconscious symbols in his paintings But Camille was not simply a symbol Gedo examines Monet and his wife's actual marriage in all its complex and fascinating glory This book represents the crowning achievement of our country's best psycho biographer of figures in the visual arts Bradley I Collins Parsons The New School For Design Further Adventures of the Celestial Sleuth Donald W. Olson, 2018-01-31 From the author of Celestial Sleuth 2014 yet more mysteries in art history and literature are solved by calculating phases of the Moon determining the positions of the planets and stars and identifying celestial objects in paintings In addition to helping to crack difficult cases these studies spark our imagination and provide a better understanding of the skies Weather archives vintage maps tides historical letters and diaries military records and the assistance of experts in related fields help with this work For each historical event influenced by astronomy there is a different kind of mystery to be solved How did the changing tides affect an army's battle plans How did the phases of the moon affect how an artist painted a landscape Follow these exciting investigations with a master celestial sleuth as he tracks down the truth and helps unravel mysteries as far back as the Middle Ages and as recent as the iconic 1945 photograph of a kiss in Times Square on VJ Day Topics or cases pursued were chosen for their wide public recognition and intrigue and involve artists such as Vincent van Gogh and Claude Monet historical events such as the campaigns of Braveheart in Scotland and battles in World War II and the Korean War and literary authors such as Chaucer Cervantes Shakespeare Byron and Edgar Allan Poe *Art and the Higher Life* Kathleen Pyne, 2010-07-22 Late in the nineteenth century many Americans were troubled by the theories of Charles Darwin which contradicted both traditional Christian teachings and the idea of human supremacy over nature and by an influx of foreign immigrants who challenged the supremacy of the old Anglo Saxon elite In response many people drew comfort from the theories of philosopher Herbert Spencer who held that human society inevitably develops towards higher and more spiritual forms In this illuminating study Kathleen Pyne explores how Spencer's theories influenced a generation of American artists She shows how the painters of the 1880s and 1890s particularly John La Farge James McNeill Whistler Thomas Dewing and the Boston school and the impressionist painters of the Ten developed an art dedicated to social refinement and spiritual

ideals and to defending the Anglo Saxon elite of which they were members This linking of visual culture to the problematic conditions of American life radically reinterprets the most important trends in late nineteenth century American painting

Masterpieces of Impressionism & Post-impressionism Colin B. Bailey, Joseph J. Rishel, Philadelphia Museum of Art, 1989 The Walter and Lee Annenberg Collection of Impressionist and Post Impressionist paintings watercolors and drawings at The Metropolitan Museum of Art comprises one of the most remarkable groupings of avant garde works of art from the mid 19th to the early 20th century A revised and updated edition of the 1989 publication Masterpieces of Impressionism and Post Impressionism The Annenberg Collection this beautiful volume presents 55 masterworks by such luminaries as Manet Degas Morisot Renoir Monet Cezanne Gauguin Van Gogh Picasso and Matisse accompanied by elucidating text and a wealth of comparative illustrations

Painting and Sculpture in Europe, 1880-1940 George Heard Hamilton, 1993-01-01 This new edition of a book that offers the best available grounding in its huge subject as the Sunday Times called it includes color plates and a revised and expanded bibliography Professor Hamilton traces the origins and growth of modern art assessing the intrinsic qualities of individual works and describing the social forces in play The result is an authoritative guide through the forest of artistic labels Impressionism and Expressionism Symbolism Cubism Constructivism Surrealism etc and to the achievements of Degas and Cezanne Ensor and Munch Matisse and Kandinsky Picasso Braque and Epstein Mondrian Dali Modigliani Utrillo and Chagall Klee Henry Moore and many other artists in a revolutionary age

Origins of Impressionism Gary Tinterow, Henri Loyrette, 1994 This handsome publication which accompanies a major exhibition at The Metropolitan Museum of Art is a lively and engaging account of the artistic scene in Paris in the 1860s the years that witnessed the beginnings of Impressionism For the first time the interactions and relationships among the group of painters who became known as the Impressionists are examined without the overworn art historical polarities commonly evoked academic versus avant garde classicist versus romantic realist versus impressionist A host of strong personalities contributed to this history and their style evolved into a new way of looking at the world These artists wanted above all to give an impression of truth and to have an impact on or even to shock the public And they wanted to measure up to or surpass their elders This complex and rich environment is presented here the grand old men and the young turks encounter each other the Salon pontificates and the new generation moves fitfully ahead benignly but always with determination Origins of Impressionism gives a day by day year by year study of the genesis of an epoch making style Bibliographies and provenances are provided for each of the almost two hundred works in the exhibition and there is an illustrated chronology With more than two hundred superb colorplates this informative survey is an essential work for both the general reader and the scholar

Gedo, 1987-03 This new hardcover annual offers a unique scholarly format an interdisciplinary dialogue that it is hoped will foster the development of a sound useful methodology for applying psychoanalytic insight to art and artists The series provides a medium for those who study art those who interpret it and occasionally those who create it formally to explore the meaning of an artistic work as the direct reflection of the inner world of its creator Within each volume individual topics are addressed by either an art historian or a psychoanalyst with a response frequently tendered by an expert from the other field Reviews of important books of cross disciplinary interest are treated in a similar manner and include rebuttals by the authors themselves It is precisely this exchange of ideas among scholars with difference perspectives on the meaning of a work of art that sets PPA apart from the standard art history publication Its depth of scholarship coupled with its innovative format make it a fascinating addition to the burgeoning field of psychoanalytic studies of art history
