## Observer Islam:

*Observer l'Islam* Clifford Geertz, 1992 , **Islam Instrumentalized** Jean-Philippe Platteau, 2017-06-06 In this book economist Jean Philippe Platteau addresses the question does Islam the religion of Muslims bear some responsibility for a lack of economic development in the countries in which it dominates In his nuanced approach Platteau challenges the widespread view that the doctrine of Islam is reactionary in the sense that it defends tradition against modernity and individual freedom He also questions the view that fusion between religion and politics is characteristic of Islam and predisposes it to theocracy He disagrees with the substantivist view that Islam is a major obstacle to modern development because of a merging of religion and the state or a fusion between the spiritual and political domains But he also identifies how Islam's decentralized organization in the context of autocratic regimes may cause political instability and make reforms costly

**La Berbérie, L'Islam Et la France** Eugène Guernier, 1950 Recalling Fieldwork Raluca Mateoc, François Ruegg, 2020 The volume addresses reflections on the social conditions in which anthropological research in Eastern European countries under and after socialism was conducted Methodological commonalities and differences for anthropologists coming from specific academic traditions and political contexts are revealed through fresh reflections on the everyday fieldwork Institutional settings of the 70s and 80s challenges in entering the field or engagement with the needs and desires of the studied subjects come out of this web of reflections While some authors recall fieldwork based in single countries others recall journeys through multi-sited ethnographies

*Religions and Cultures* Adriana Destro, Mauro Pesce, 2002 On May 28 1995 at Bertinoro the town where the great commentator of the Mishnah Ovadia once lived scholars from various prestigious universities founded Mediterraneum Mediterraneum is a network of eight European and Mediterranean universities for the comparative study of Judaism Christianity and Islam from the perspectives of cultural anthropology history of religions and comparative ethics This book is the outcome of Mediterraneum's first seminar The essays collected here deal with two closely connected questions how can the comparative study of three monotheistic religions be carried out And how is it possible to compare religious phenomena that have not been previously represented in an autonomous way each one in and for itself

**La Renovation du Shi'isme Ismaélien En Inde Et Au Pakistan** Michel Boivin, 2013-07-04 This French language book is the first to propose a scientific approach to the Aga Khan's religious thought placing it in its proper perspective by revealing how the Aga Khan responded to contemporary challenges It will be of interest to both students and scholars of history orientalism and Islamic thought and cultures and to anyone interested in South Asia or in the fundamental issues of religion and modernity

*AFLA Quarterly*, 1998 *The New World of Islam* Lothrop Stoddard, 1921 **Cultures of human rights** Jean-Paul Révauger, 2011 Les droits de l'homme sont-ils universels La réponse est contenue dans la question car si l'égalité des hommes n'est pas reconnue leurs droits n'ont aucun fondement Ce raisonnement presque tautologique est la fois pertinent et mis en cause par une étude comparative de la question dans

plusieurs pays européens La Grande Bretagne la France le monde arabo musulman et la Turquie la fois autre voisine et semblable abordent la question des droits de l'homme de façon différente fois sur le plan théorique et pratique L'inclusion des droits sociaux dans le primat des droits de l'homme est un point litigieux entre démarches britannique et française depuis les années de l'après guerre L'extension indéfinie des droits de l'homme l'ensemble des droits est un problème distinct Loin de représenter une avancée elle semble dans certains cas banaliser et amoindrir le caractère fondamental des droits de l'homme Inversement dans les marches de l'Europe les droits fondamentaux ne sont nullement des acquis et le conflit entre logique démocratique et théocratique reste essentiel
