**Montezuma Met Cortés** Matthew Restall,2018-01-30 A re evaluation of the meeting between the Spanish adventurer and the Aztec ruler that challenges history's perspective about the conquest of the Americas On November eight 1519 the Spanish conquistador Hernando Cortés first met Montezuma the Aztec emperor at the entrance to the capital city of Tenochtitlan This introduction the prelude to the Spanish seizure of Mexico City and to European colonization of the mainland of the Americas has long been the symbol of Cortés's bold and brilliant military genius Montezuma on the other hand is remembered as a coward who gave away a vast empire and touched off a wave of colonial invasions across the hemisphere But is this really what happened In a departure from traditional tellings When Montezuma Met Cortés uses the Meeting as Latin American history professor Matthew Restall dubs their first encounter as the entry point into a comprehensive reevaluation of both Cortés and Montezuma Drawing on rare primary sources and overlooked accounts by conquistadors and Aztecs alike Restall explores Cortés's and Montezuma's posthumous reputations their achievements and failures and the worlds in which they lived leading step by step to a dramatic inversion of the old story As Restall takes us through this sweeping revisionist account of a pivotal moment in modern civilization he calls into question our view of the history of the Americas and indeed of history itself A new startlingly persuasive picture of what actually happened during the Spanish Conquest based on a radical question What if the tough canny leaders of these native military empires didn't suddenly fold up like wet cardboard at the arrival of a couple of hundred bearded oddities from some faraway place Charles C Mann author of 1491
