Greenberg, 2019-09-10 A leading pollster and adviser to America s most important political figures explains why the Republicans will crash in 2020 For decades the GOP has seen itself in an uncompromising struggle against a New America that is increasingly secular racially diverse and fueled by immigration It has fought non traditional family structures ripped huge holes in the social safety net tried to stop women from being independent and pitted aging rural Evangelicals against the younger more dynamic cities Since the 2010 election put the Tea Party in control of the GOP the party has condemned America to years of fury polarization and broken government The election of Donald Trump enabled the Republicans to make things even worse All seemed lost But the Republicans have set themselves up for a shattering defeat In *RIP GOP* Stanley Greenberg argues that the 2016 election hurried the party s imminent demise Using amazing insights from his focus groups with real people and surprising

revelations from his own polls Greenberg shows why the GOP is losing its defining battle He explores why the 2018 election when the New America fought back was no fluke And he predicts that in 2020 the party of Lincoln will be left to the survivors opening America up to a new era of renewal and progress    **October** ,1995    31 Days in October Diamond

Research ,1928    **Letters on Occult Meditation** Alice Bailey,1926    Speaking Yiddish to Chickens Seth Stern,2023-03-17 Most of the roughly 140 000 Holocaust survivors who came to the United States in the first decade after World War II settled in big cities such as New York But a few thousand chose an alternative way of life on American farms More of these accidental farmers wound up raising chickens in southern New Jersey than anywhere else Speaking Yiddish to Chickens is the first book to chronicle this little known chapter in American Jewish history when these mostly Eastern European refugees including the author s grandparents found an unlikely refuge and gateway to new lives in the US on poultry farms They gravitated to a section of south Jersey anchored by Vineland a small rural city where previous waves of Jewish immigrants had built a rich network of cultural and religious institutions This book relies on interviews with dozens of

these refugee farmers and their children as well as oral histories and archival records to tell how they learned to farm while coping with unimaginable grief They built small synagogues within walking distance of their farms and hosted Yiddish cultural events more frequently found on the Lower East Side than perhaps anywhere else in rural America at the time Like refugees today they embraced their new American identities and enriched the community where they settled working hard in unfamiliar jobs for often meager returns Within a decade falling egg prices and the rise of industrial scale agriculture in the South would drive almost all of these novice poultry farmers out of business many into bankruptcy Some hated every minute here others would remember their time on south Jersey farms as their best years in America They enjoyed a quieter way of life and more space for themselves and their children than in the crowded New York City apartments where so many displaced persons settled This is their remarkable story of loss renewal and perseverance in the most unexpected of settings
