Spector, 2001 Traces the evolution of hebraic etymologies and mystical grammars as indicators of a profound shift in Blake's subjective consciousness from the earliest prose tracts worked on before 1790 to the last years of his life when he was still completing Jerusalem The Torn Book

Jason Allen Snart, 2006-09 *The Torn Book UnReading William Blake's Marginalia* argues for the connection between British poet and painter William Blake's marginalia the annotations he made in the volumes he owned and borrowed and the role that often multivalent symbols like pens writers readers and books play throughout his art *The Torn Book* pays particular attention to original Blake items including the various annotated volumes housed at the Huntington Library Houghton Library Cambridge's University Library and Wren Library Dr Williams's Library and the British Library among others

BOOK JACKET **Ricardo's Dream** Nat Dyer, 2024-11-26 From the workings of financial markets to our response to the ecological crisis economic theory shapes the world But where do these ideas come from Ricardo's Dream tells the fascinating story of David Ricardo Adam Smith's only real rival as the founder of economics The wealthiest stock trader of his day Ricardo introduced the study of abstract models to economics He also developed the theory of trade that underpinned globalization and hides behind its mathematical facade a history of power empire and slavery Brimming with fresh ideas and stories Ricardo's Dream shows how too many economists from Ricardo's day to our own have turned away from observing the real world and led us astray

Faction Paradox Daniel O'Mahony, 2008-01 Lately cannonballs have flown their arcs leaving the crystal sky unbroken while on Earth their traces are all too visible Yet though Heaven has never seemed so far away the divine is terribly closer War on Earth presages War in Heaven the struggle between the holy houses of Christ and their eternal Adversary has erupted among the living These are the signs of the last days in 1651 a dead angel is found in a tree in Lincolnshire and a nymph rises from the waters of Kent in 1642 a dying man is miraculously healed in the grave in 1665 uncanny skull masked

Postnational Democracy Curtin,1997-07-02 Postnational Democracy examines the concept of political community beyond the Nation State and discusses its possible structure in the context of the European Union It explores the evolution of political identity within the context of the Nation State and considers the manner in which international organisations in general have affected the shared understandings which have evolved over the course of time It concludes that it is only in the context of the European Union that the public realm of politics within the constituent Nation States has been consistently undermined The book suggests that the notion of democracy beyond the Nation State is a feasible concept and thereby seeks to link in with more deliberative ideas of democracy than the representative model favoured by the Nation State Two particular factors are developed in this context the growth from below of a nascent European civil society and the potential offered by advanced information technology in terms of facilitating the future emergence of postnational political identity complementary to national political identity

Revelation and Knowledge Ross Greig Woodman,Joel Faflak,2011-01-01 Ross Woodman and Joel Faflak focus on the clash in British Romantic poets works between depth psychology and mysticism in the context of post Enlightenment crises of belief

Narrative Unbound Donald D. Ault,1987 Narrative Unbound is the first full scale interpretation of the verbal text of Blake s most complex long poetic prophecy The Four Zoas Never engraved or published in the poet artist s lifetime the poem remains in a single manuscript apparently unfinished and heavily revised and yet is widely celebrated as one of Blake s most powerful narrative works Ault challenges the view that the poem is intrinsically incomplete and flawed arguing instead that the famous difficulties of the text are aspects of Blake s transformative narrative strategies By respecting the integrity of Blake s work taking every written mark on the page as potentially functional Ault shows how the intricate interweaving of narrative patterns and interruptions are instrumental to conscious reading The poetic intent is nothing less than a complete renovation of the reading experience the potential of which is the realization of what Blake has called Four fold vision Ault s approach serves as a guide both to reading The Four Zoas and to participating in a radical poetic method
