## **Observatory Mansions:**

**Observatory Mansions** Edward Carey, 2012-10-09 Observatory Mansions was once the Orme family's ancestral home a magnificent residence with beautiful grounds Now it is a crumbling apartment block stranded on a roundabout and inhabited by eccentrics Francis Orme an odd little man who makes a living as a human statue in the centre of the decaying city lives in Observatory Mansions with his parents and the other equally maladjusted misfits all of them taking comfort in their solitude and curious harmony In the cellar is Francis treasured Exhibition Carefully catalogued are all the items he has ever stolen But the arrival of a new resident upsets the delicate balance of Observatory Mansions and Francis finds himself taking drastic measures to protect the secrets of his past and the sanctity of his collection *Observatory Mansions* Edward Carey, 2002-02-05 Once the Orme family's magnificent ancestral estate Observatory Mansions is now a crumbling apartment complex home to an eccentric group of misfits One of them is Francis Orme who earns his livelihood as a living statue When not practicing inner and outer stillness Francis steals the cherished possessions of others to add to his private museum The other tenants are equally as odd his mother and father who haven't interacted in years a man who continually sweats and cries a recluse who prefers television to reality and a woman who behaves like a dog When Anna Tapp arrives among them she stirs their souls bringing long forgotten memories to the surface and arousing fears that this new resident intends to provoke a metamorphosis Reminiscent of Beckett Ionesco and Millhauser but startlingly original Observatory Mansions is also unexpectedly beguiling Upon its publication in England it was a literary sensation and John Fowles called it easily the most brilliant fiction I've seen this year **The Tears of Things** Peter Schwenger, 2006 We surround ourselves with material things that are invested with memories but can only stand for what we have lost Physical objects such as one's own body situate and define us yet at the same time they are fundamentally indifferent to us The melancholy of this rift is a rich source of inspiration for artists Peter Schwenger deftly weaves together philosophical and psychoanalytical theory with artistic practice Concerned in part with the act of collecting *The Tears of Things* is itself a collection of exemplary art objects literary and cultural attempts to control and possess things including paintings by Georgia O'Keeffe and Ren Magritte sculpture by Louise Bourgeois and Marcel Duchamp Joseph Cornell's boxes Edward Gorey's graphic art fiction by Virginia Woolf Georges Perec and Louise Erdrich the hallucinatory encyclopedias of Jorge Luis Borges and Luigi Serafini and the corpse photographs of Joel Peter Witkin However these representations of objects perpetually fall short of our aspirations Schwenger examines what is left over debris and waste and asks what art can make of these What emerges is not an art that reassembles but one that questions what it means to assemble in the first place Contained in this catalog of waste is that ultimate still life the cadaver where the subject object dichotomy receives its final ironic reconciliation Peter Schwenger is professor of English at Mount St Vincent University in Halifax Nova Scotia He is the author of *Fantasm and Fiction On Textual Envisioning Letter Bomb Nuclear Holocaust and the Exploding Word* and *Phallic Critiques Masculinity and Twentieth*
