*The Investing Primer* Mitchel Myers, 2018-08-05 Investing is a practice that fascinates millions of people The prospect of making significant amounts of money in stocks bonds and other asset classes allures people of all backgrounds However few people take the time to acquire the technical knowledge and understanding that

enable successful investment Even fewer people take the time to identify and employ a sound philosophical framework through which to invest Yet these people do not deserve the blame since the cohesive literature on the topic is lacking There are few books if any that arm the novice investor with an understanding of the core technical concepts of investing while also discussing both the common qualitative characteristics of great investments and a practical philosophical framework through which to implement this knowledge Most books in the spaces of corporate finance and investing have one of three critical flaws 1 an exclusive focus on technical concepts 2 an exclusive focus on philosophical concepts or 3 an assumption that the reader understands the very basics of investing and finance The objective of The Investing Primer is to fill the apparent void in the investing literature by covering basic financial and investing concepts advanced technical concepts qualitative analysis and a proven philosophical framework in a single concise resource Ultimately the engaged reader will have a much deeper knowledge of investing and the ability to utilize this knowledge for significant economic gain Key Parts Part I Investing Essentials and Acquiring Information Part II Accounting Essential Formulas and Financial Analysis Part III Debt and Capital Structure Part IV Valuation and Financial Modeling Part V Fundamental Analysis Part VI Value Investing Part VII Private Equity Part VIII Advanced Selected Topics *The Mineral Surveyor & Valuer's Complete Guide; Comprising a Treatise on Improved Mining Surveying, with New Traverse Tables ... to which is Appended the Second Edition Carefully Revised, of M.
