Lesson 1: Pulse in Music

Week 1

Introduction

In music, the duration of sound and silence is important. Duration refers to how long and how short tones and silence last. These tones and silence follow a certain beat. Beat can be felt with or without sound. We clap, walk, tap, march, dance, and play musical instruments to show the rhythm and beat of music.

Activity I

Sing "Leron, Leron Sinta" and move to the rhythm of the song.

Remember:

- The symbol (**l**) shows the pulse of the sound.
- **Rest** (**z**) is the symbol used to show silence.
- We can feel the pulse through clapping, tapping, walking, chanting, and playing rhythmic instruments.

Other chapters offer practical information on maintaining musicians health, training music teachers and evaluating music education programs. Philosophical issues such as musical cognition, the philosophy of research, theory, curriculum and educating musically are also explored in relationship to policy issues. In addition to surveying the literature, each chapter considers the significance of the research and provides suggestions for future study.
