The Publishers Weekly ,1972 *Raising PEARLS* Genise Hope,2019-09-10 At least 100 000 boys and girls are bought and sold for sex in the U S each year by ordinary people from ALL walks of life Some of these children are runaways often foster children some are forcefully abducted and some are betrayed and sold by their own family members and acquaintances Predators usually build a trusting relationship with vulnerable children over time by showering them with affection gifts and attention 1 in 10 children will be sexually abused before their 18th birthday but only 1 in 3 will tell because they don t know it is wrong or they don t know who they can trust with their secret If you think your five year old will automatically tell you if someone touched their privates think again Predators instill fear and guilt into their victims to prevent them from telling In this fast paced world of drive through food and finger tip technology we are in a hurry for everything and expect to get everything we want quickly If our kids are in school they spend more time with their teachers and friends than they do with us When they are not in school there are other activities to attend including sports music parties church and so on How much time do we actually carve out each day to spend just talking listening role modeling playing with and teaching our children how precious they are and how uniquely God designed them Before we know it they are grown things may not have turned out how we hoped and we may find ourselves wishing we had taken just a few extra minutes each day when they were small This book is designed to sit and work through one activity at a time with your child for even 15 minutes each day as you speak using the prompts provided and listen to their hearts as they respond Paper dolls are provided in the back of the book for children to personalize by coloring and building into characters that represent themselves family members and others They can be used in discussing specific real life scenarios and developing plans together as well as for therapy if a child has been abused or just for fun The epidemic of child sexual abuse and human trafficking all over the world can t be stopped by one individual but it CAN be prevented in the small world around each of us by *Raising PEARLS* Prepared Empowered Armored Restored Loved Secure Children One child at a time Art of Asking Amanda Palmer,2014-11-11 Rock star crowdfunding pioneer and TED speaker Amanda Palmer knows all about asking Performing as a living statue in a wedding dress she wordlessly asked thousands of passersby for their dollars When she

became a singer songwriter and musician she was not afraid to ask her audience to support her as she surfed the crowd and slept on their couches while touring And when she left her record label to strike out on her own she asked her fans to support her in making an album leading to the world s most successful music Kickstarter Even while Amanda is both celebrated and attacked for her fearlessness in asking for help she finds that there are important things she cannot ask for as a musician as a friend and as a wife She learns that she isn t alone in this that so many people are afraid to ask for help and it paralyzes their lives and relationships In this groundbreaking book she explores these barriers in her own life and in the lives of those around her and discovers the emotional philosophical and practical aspects of The Art of Asking Part manifesto part revelation this is the story of an artist struggling with the new rules of exchange in the twenty first century both on and off the Internet The Art of Asking will inspire readers to rethink their own ideas about asking giving art and love *Catalog of Copyright Entries.
