Mustang War:

Mustang the Inspiration Philip Kaplan, 2013-02-19 If it looks right it will probably fly right a tired old saying among airmen but one that persists Think if you will of the handful of aeroplanes that most people would probably agree are the best looking examples of all The list is short but distinguished and the proof is in the enthusiastic common view of most pilots who have flown them for nearly all it was love at first sight and first flight For most that little list includes the Vickers Supermarine Spitfire the Douglas DC 3 the Hawker Hunter the Lockheed Constellation the Concord and the North American Mustang Of these the Spitfire and Mustang stand out and remain extra special to the majority of pilots who have been privileged to fly them One common thread exists among those who have experienced both of these fine machines an opinion that seems to hold up even after a lifetime of flying the best the aviation design community has created While the Spitfire may have a slight edge in light touch handling if I have to go to war in one type I'll take the Mustang every time This comprehensive account of the Mustang aircraft charts the operational history of the craft and also relays a the personal stories and experiences of the men who flew the Cadillac of the skies as it has been described A vivid and enthralling history set to appeal to aviation enthusiasts looking for more than just a mere operational history of the Mustang's exploits *P-51 Mustang* Cory Graff, 2015-10-19 P 51 Mustang celebrates the 75th anniversary of the most iconic American warbird from combat to recon D Day to the Battle of the Bulge **Chambers's Journal of Popular Literature, Science and Arts**, 1854 *Chambers's Edinburgh Journal*, 1854 Chambers's Edinburgh journal, conducted by W. sensationalist and low on factual content or lacking in fundamental research Bill Norton has trawled through thousands of documents reports and illustrations to produce a work that is staggering in its depth and knowledge Those that think they know the IAF will find a wealth of new material and countless previously published facts re evaluated and righted Detailed type by type coverage supported by a barrage of photographs of the IAF from the mixed bag of aircraft of its formative days through the Suez Campaign the Six Day War Yom Kippur and on to be a sophisticated well equipped force arguably the most experienced in the world Included for the first time are all of the badges and heraldry of the units of the IAF in full color
