My Building:

Built Roma Agrawal, 2018-02-08 Imagine you woke up one morning to find everything created by engineers had disappeared What would you see No cars no houses no phones bridges or roads No tunnels under tidal rivers no soaring skyscrapers The impact that engineering has had on the human experience is undeniable but it is also often invisible In BUILT structural engineer Roma Agrawal takes a unique look at how construction has evolved from the mud huts of our ancestors to skyscrapers of steel that reach hundreds of metres into the sky She unearths how engineers have tunnelled through kilometres of solid mountains how they've bridged across the widest and deepest of rivers and tamed Nature's precious and elusive water resources She tells vivid tales of the visionaries who created the groundbreaking materials in the Pantheon's record holding concrete dome and the frame of the record breaking Eiffel Tower Through the lens of an engineer Roma examines tragedies like the collapse of the Quebec Bridge highlighting the precarious task of ensuring people's safety they hold at every step With colourful stories of her life long fascination with buildings and her own hand drawn illustrations Roma reveals the extraordinary secret lives of structures *The Oklahoma City Tragedy*, 1995 Special issue of Customs today dedicated to victims and survivors of Oklahoma City bombing **School Publication** Los Angeles City School District, 1927 *Dracula Terrorizes Seattle* Richard Shallow, 2016-11-07 Down through the ages people have been fascinated by horror stories There had always been mystical stories of the spilling of blood like blood sacrifices to the gods for a good harvest or the consumption of blood from a warrior to gain the dead warrior's strength Look no further than our own Bible Look at Cain and Abel the Aztec Toltec Inca and many of the Central and South American tribes A person walking past a narrow alley in the daytime will give it a quick glance and think nothing of it But add the darkness of a late night or a sudden wind or a sudden noise or a shadow upon the wall and have that same person walk past that same alley and he will conjure up within his mind all kinds of things hiding in that alley Many people are fascinated by eternal life and staying young forever As an example look at the money we spend on makeup to camouflage our age A vampire can accomplish staying young forever by drinking the blood of the living It is the ancient ritual of consuming the blood of the living to extend one's life or to absorb virility strength and youth of the one that was killed There are stories that have been handed down through the ages about the existence of vampires in the Far East like China and Japan all over Europe but mostly in Eastern Europe particularly in Romania and Bulgaria *The White Bonus* Tracie McMillan, 2024-04-23 A genre breaking work of journalism and memoir that tallies the cash benefit and cost of racism in America This unflinching book from award winning investigative reporter Tracie McMillan examines what white privilege delivers in dollars and cents not only to white people of wealth but also to white people from the poor to the middle class McMillan begins with her own downwardly mobile middle class family and takes us through a personal history marked with abuse illness and poverty while training her journalistic eye on the benefits she saw from being white McMillan then alternates her story with profiles of four other white subjects

millennials to baby boomers from across the United States For readers of Stephanie Land s Maid Heather McGhee s The Sum of Us and Clint Smith s How the Word Is Passed McMillan brings groundbreaking insight into how and to what degree white racial privilege builds material advantage across class time and place Rather than analyzing racism as a thing that gives less to people of color McMillan studies how it gives more to people who are white including with uncommon honesty herself and how it takes so much from so many The unforgettable follow up question thrums steadily through this book Do white Americans believe that racism is worth what it costs all of us **Report** United States.
