**Michigan Travel Ideas** ,2000 [100 Ideas for Supply Teachers](#) Julia Murphy,2006-03-31 Supply teaching can be very difficult if it's not the students that are being difficult it's the permanent members of staff The author provides one hundred ideas on how to handle the pitfalls of being a supply teacher It includes ideas such as warm up activities and how to carry on the topic if faced with more than one lesson with a class [Diagnosing Empire](#) Narin Hassan,2016-04-08 Examining the emerging figure of the woman doctor and her relationship to empire in Victorian culture Narin Hassan traces both amateur and professional doctoring by British women travelers in colonial India and the Middle East Hassan sets the

scene by offering examples from Victorian novels that reveal the rise of the woman doctor as a fictional trope. Similarly medical advice manuals by Victorian doctors aimed at families traveling overseas emphasized how women should maintain and manage healthy bodies in colonial locales. For Lucie Duff Gordon, Isabel Burton, Anna Leonowens among others, doctoring natives secured them access to their private lives and cultural traditions. Medical texts and travel guides produced by practicing women doctors like Mary Scharlieb illustrate the relationship between medical progress and colonialism. They also helped support women's medical education in Britain and the colonies of India and the Middle East. Colonial subjects themselves produced texts in response to colonial and medical reform and Hassan shows that a number of New Indian women including Krupabai Satthianadhan participated actively in the public sphere through their involvement in health reform. In her epilogue, Hassan considers the continuing tradition of women's autobiographical narrative inspired by travel and medical knowledge showing that in the twentieth and twenty first century memoirs of South Asian and Middle Eastern women doctors the problem of the Woman Question as shaped by medical discourses endures.
