**What's Happened To The University?** Frank Furedi, 2016-10-17 The radical transformation that universities are undergoing today is no less far reaching than the upheavals that it experienced in the 1960s However today when almost 50 per cent of young people participate in higher education what occurs in universities matters directly to the whole of society On both sides of the Atlantic curious and disturbing events on campuses has become a matter of concern not just for academics but also for the general public What is one to make of the growing trend of banning speakers What s the meaning of trigger warnings cultural appropriation micro aggression or safe spaces And why are some students going around arguing that academic freedom is no big deal What s Happened To The University offers an answer to the questions of why campus culture is undergoing such a dramatic transformation and why the term moral quarantine refers to the infantilising project of insulating students from offence and a variety of moral harms *Cultural Dynamics in a Globalized World* Melani Budianta, Manneke Budiman, Abidin Kusno, Mikihiro Moriyama, 2017-12-14 The book contains essays on current issues in arts and humanities in which peoples and cultures compete as well as collaborate in globalizing the world while maintaining their uniqueness as viewed from cross and interdisciplinary perspectives The book covers areas such as literature cultural studies archaeology philosophy history language studies information and literacy studies and area studies Asia and the Pacific are the particular regions that the conference focuses on as they have become new centers of knowledge production in arts and humanities and in the future seem to be able to grow significantly as a major contributor of culture science and arts to the globalized world The book will help shed light on what arts and humanities scholars in Asia and the Pacific have done in terms of research and knowledge development as well as the new frontiers of research that have been explored and opening up which can connect the two regions with the rest of the globe *Cultural Sexism* Heather Savigny, 2020-06-24 How does gendered power work How does it circulate How does it become embedded And most importantly how can we challenge it Heather Savigny highlights five key traits of cultural sexism violence silencing disciplining meritocracy and masculinity prevalent across the media entertainment and cultural industries that keep sexist values firmly within popular consciousness She traces the development of key feminist thinkers before demonstrating how the normalization of misogyny in popular
