LAND MAN

Man The Land

Wolfgang Guggemos

Man The Land:

Populating No Man's Land János Mátyás Kovács, 2018-09-15 This edited volume opening the new series Revisiting Communism Collectivist Economic Thought in Historical Perspective focuses on the concepts of ownership the cornerstone of political economy in Soviet type societies The authors main objective is to contribute to the still unwritten chapter on collectivism in the history books of modern economic thought They trace the lengthy evolution of economic ideas of property reform under communism leading from the doctrine of blanket nationalization to projects of moderate privatization in eight countries of Eastern Europe and China The comparative analysis sheds light upon the tireless attempts of reform minded economists in communist countries to populate the no man s land of social property with quasi private economic actors such as bodies of workers self management and managers of state owned companies For a long time these were expected to crowd out the communist nomenklatura from its actual ownership position without challenging the primacy of collective property rights The fact that even the most radical reformers came to the conclusion that such surrogate owners would not be able to break the power of the ruling elite only on the eve of the 1989 revolutions demonstrates the immense strength of collectivist ideas The authors coin the term trap of collectivism to warn those demanding nationalization or other forms of non private ownership today it is rather easy even with the best intentions to walk into this trap but it may take long decades to break out from it

Louisiana's No Man's Land Scott DeBose, 2024-06-03 Join author Scott DeBose on a rugged journey through Louisiana s No Man s Land Most Americans know the basics of the Louisiana Purchase but few know that West Louisiana was left out of the purchase They also don t know that in 1806 the United States and Spain almost went to war over the boundary and it was only an agreement negotiated by the American and Spanish commanders that prevented full scale war But it wasn t out of patriotism that James Wilkinson commanding general of the US Army negotiated the agreement He was not only a Spanish Spy but he was involved in Aaron Burr s conspiracy America now had a 40 mile wide and roughly 500 mile long strip of land they could not station troops or police and outlaws soon flocked to the region This book will tell the story of how No Man s Land was created the conspiracy behind its creation the outlaws smugglers and pirates who used the region as a base such as Jean Lafite Jim Bowie and John Murrell The Reverend Devil But it wasn t all outlaws those folks will get their due as well

The World's Work, 1912 A history of our time **Official Reports of the Debates of the House of Commons of the Dominion of Canada** Canada. Parliament. House of Commons, 1911

The Great War in Irish Poetry Fran Brearton, 2003 The Great War in Irish Poetry explores the impact of the First World War on the work of W B Yeats Robert Graves and Louis MacNeice in the period 1914 45 and on three contemporary Northern Irish poets Derek Mahon Seamus Heaney and Michael Longley Its concern is to place their work and memory of the Great War in the context of Irish politics and culture in the twentieth century The historical background to Irish involvement in the Great War is explained as are the ways in which issues raised in 1912 20 still reverberate in the politics of remembrance in

Northern Ireland particularly through such events as the Home Rule cause the loss of the Titanic the Battle of the Somme the Easter Rising While the Great War is perceived as central to English culture and its literature holds a privileged position in the English literary canon the centrality of the Great War to Irish writing has seldom been recognised This book shows first that despite complications in Irish domestic politics which led to the repression of memory of the Great War Irish poets have been drawn throughout the century to the events and images of 1914 18 This engagement is particularly true of those writing in the troubled Northern Ireland of the last thirty years The second main concern is the extent to which recognition of the importance of the Great War in Irish writing has itself become a casualty of competing versions of the literary canon
