

WHAT IS HUMANISM?

Humanism is a Renaissance cultural movement which turned away from medieval scholasticism and revived interest in ancient Greek and Roman thought.

Humanism is an approach to life based on reason and our common humanity, recognizing that moral values are properly founded on human nature and experience alone.

Humanists reject the idea or belief in a supernatural being such as God. This means that humanists class themselves as agnostic or atheist.

Man The New Humanism

Michael Brown

Man The New Humanism:

Man : the new humanism Roger Lincoln Shinn,1968

Man in the New Humanism Mary Vincent Killeen,1934

Archbishop Fulton Sheen, the Contemporary Humanist Emmanuel K. Ngwainmbi,Rev. Fr. John Berinyuy,2023-08-30

This book is a theological reflection of Sheen's contribution to humanity and society. It analyzes the modern person from the Catholic doctrinal perspective explores Fulton Sheen's perception of the contemporary individual and demonstrates that global economic religious and political crises cannot be resolved by focusing only on the mundane. It further underscores some contemporary anthropological challenges and proposes a philosophy and theology of life that can enable contemporary humans to know themselves better and make life worth living. The authors argue that advancements in science and technology have failed to prolong happiness people are still frustrated disillusioned cynical bored and suicidal. This book enters the landscape of Sheen's controversial pause before he was sanctified and provides a lengthy liturgical extrapolation of Sheen's Christian anthropology wrestling with other thinkers and general concerns surrounding human angst in modern society

The Religious Existentialists and the Redemption of Feeling Anthony Malagon,Abi Doukhan,2019-06-27

Traditional philosophizing has generally depended upon reason as its primary access to truth. Subjective experiences such as feelings the passions and emotions have typically been viewed as secondary to reason untrustworthy or both. The Religious Existentialists and the Redemption of Feeling revisits how the movement of existentialism via the religious existentialists has contributed to a rethinking of the role of subjective experience in contrast to the rationalist and idealist traditions thus reframing the importance of feelings in general for the philosophical enterprise as a whole. Through the considerations of a variety of thinkers this collection provides a fresh look at the contributions of twentieth century existentialists thereby re contextualizing the very notion of existentialism offering a powerful and genuine re evaluation of the significance of subjectivity and underscoring the continued relevance of the religious existentialists

Modern Indian Political Thought

Bidyut Chakrabarty,Rajendra K. Pandey,2023-09-29 This book is an unconventional articulation of the political thinking in India in a refreshingly creative manner in more than one way. Empirically the book becomes innovative by providing an analytically more grasping contextual interpretation of Indian political thought that evolved during the nationalist struggle against colonialism. Insightfully it attempts to unearth the hitherto unexplored yet vital subaltern strands of political thinking in India as manifested through the mode of numerous significant socio economic movements operating side by side and sometimes as part of the mainstream nationalist movement. This book articulates the main currents of Indian political thought by locating the text and themes of the thinkers within the socio economic and politico cultural contexts in which such ideas were conceptualised and articulated. The book also tries to analytically grasp the influences of the various British constitutional devices that appeared as the responses of the colonial government to redress the genuine socio economic grievances of the various sections of Indian society. The book breaks new ground in not only articulating the main currents of

Indian political thought in an analytically more sound approach of context driven discussion but also provokes new research in the field by charting a new course in grasping and articulating the political thought in India. This volume will be useful to the students, researchers and faculty working in the fields of political science, political sociology, political economy and post-colonial contemporary Indian politics in particular. It will also be an invaluable and interesting reading for those interested in South Asian studies. *INDIAN POLITICAL THOUGHT* PADHY, K. S., 2011-07-30. Intended as a text for the undergraduate and postgraduate students of Political Science, this compact book brings to fore the political thought of various Indian thinkers over the decades. The book begins with a detailed discussion on the political thought of Manu the lawgiver whose classification of the different castes and their duties is highlighted. Then it goes on to give a comprehensive account of such thinkers as Kautilya, the author of *Arthashastra* who talks about the four stages of life and the duties of the King, Raja Ram Mohan Roy the religious reformer, Swami Dayananda Saraswati the Hindu reformer and advocate of the Vedas who criticized untouchability and discrimination of women and who set up the Arya Samaj. Besides the book deals in detail with such thinkers as Swami Vivekananda, Bal Gangadhar Tilak, Gopal Krishna Gokhale and Shri Aurobindo. Further the book analyzes the political thought of the great Indian leaders such as Mahatma Gandhi the Father of the Nation whose ideas of Satyagraha, Ahimsa, Non Violence, Swadeshi and Swaraj are too well known and who galvanized a whole nation in achieving Independence. Jawaharlal Nehru the Architect of Modern India and the first Indian Prime Minister whose ideas on socialism, democracy, planning and foreign policy have guided the nation, the indefatigable JP Jaya Prakash Narayan the pioneer of socialist movement and Bhimrao Ambedkar the Architect of the Indian Constitution, the great social reformer who championed the cause of the scheduled castes, the underprivileged and the marginalized sections of the society. Finally the book makes an analysis of ideas of other thinkers namely Sir Sayyed Ahmed Khan a great advocate of communal harmony, Muhammad Ali Jinnah an advocate of theocracy, Lala Lajpat Rai the Lion of Punjab and the propounder of Swaraj, Ram Manohar Lohia a powerful exponent of socialism, Vinayak Damodar Savarkar an opponent of absolute non violence and Mahatma Jyotirao Govindrao Phule a great social reformer. This text which compresses the political thought of the great Indian thinkers and leaders will benefit not only undergraduate and postgraduate students but also aspirants of civil services and any one who wishes to delve deeper into the subject. *The Congregationalist and Herald of Gospel Liberty*, 1930.
