Wallace Stevens' Modernist Composition of "The Man With The Blue Guitar"* Ljuba Kabzan,2021-02-04 Seminar paper from the year 2005 in the subject American Studies Literature grade 2 0 University of Bayreuth course American Modernism language English abstract Wallace Stevens The Man With The Blue Guitar is one of his most famous long poems For a better understanding of the poem it is necessary to examine the art forms of Modernism that influenced him while composing this poem and to have a look at his poetic development Only then it becomes clear that this poem is typically modern and that at the same time Stevens own way of poetic composition cannot be compared to any other poet of Modernism This is the aim of this essay Wallace Stevens already published his first poetic work during his College years at Harvard University 1897 1900 However it took him many years until he could contribute himself fully to poetry The first major collections of poetry Harmonium came out in 1923 when Stevens was 44 years old Only in times of financial security Stevens had a leading position in an insurance company did he reach his highest poetic creativity *On Extended Wings* Helen Vendler,1969 While Wallace Stevens's short poems are perhaps his most anthologized it is only in the longer works that we find his unique sensibilities on full display Tracing his development through fourteen poems Helen Vendler reveals the longer poems as the proving grounds where he tested formal innovations and discovered his own formidable strengths Wallace Stevens Harold Bloom,1980 Offers authoritative readings of the major long poems and sequences exploring their relationship to one another and to the works of Stevens precursors The Man with the Blue Guitar Wallace Stevens,1977
