Getting to Resolution Stewart Levine,2010 Our current models for ending conflict don t really work They waste incredible amounts of time money and energy and take an enormous emotional toll on participants The parties remain embittered relationships are destroyed and often the conflict just reappears later in a different form In this second edition of his classic book Stewart Levine offers a revolutionary alternative approach that goes beyond compromise and capitulation to provide a satisfactory resolution for everyone involved Marriages run amuck neighbors at odds with one another business deals gone sour and the pain and anger caused by corporate downsizing are just a few of the conflicts he addresses The new edition has been thoroughly revised with new examples new tools new material about building trust and virtual collaboration as well as a more global outlook Levine rejects the adversarial legal model If both sides are unhappy you probably have a good settlement Resolution he shows provides relief and completeness for both sides No one goes away unhappy Effective resolution stops anger and resentment cold drastically cutting the emotional cost and allowing both sides to return to productive satisfying functional relationships Getting to Resolution outlines the ten principles underlying this new approach what Levine calls resolutionary thinking Levine provides a detailed seven step process for using this new mindset to resolve conflicts in a way that fosters dignity and integrity optimizes resources and allows all concerns to be voiced honored and woven into the resolution Levine s model has a thirty five year track record It has been developed implemented tested and proven in business personal and governmental contexts Getting to Resolution will enable readers to shift from thinking about problems fighting and breakdowns to thinking about collaboration engagement learning creativity and the opportunity for creating enduring value

Meryl Krieger, 2009-03-26 Through their search to achieve a sense of academic identity the authors in this volume have brought us new textures and ideas from their research to help us all in our creation and location of spaces we can claim as our own Working within the traditions of academic scholarship we are reformulating what we see and presenting it in a previously unexplored perspective of connections and possibilities Through our presentation of this view we are asserting a new location for the academic identity negotiation that will challenge and reinforce our positioning within scholarly endeavors The articles contained in these pages are themselves markers of identity produced within and created to define the academic culture From this base of academic tradition the essays contained in this volume share grounding in the exploration of culturally produced markers of identity pulling from various academic disciplines Through the examination of the performance of identity markers each scholar develops and reveals connections that we may utilize in our ever expanding perspective of scholarly subjects and approaches Report Iowa. Enjoying the Tune of Expression: An Emotional Symphony within **Mana Keepers**

In a global used by monitors and the ceaseless chatter of immediate interaction, the melodic beauty and psychological symphony produced by the prepared term usually diminish in to the background, eclipsed by the constant sound and disturbances that permeate our lives. But, nestled within the pages of **Mana Keepers** a stunning fictional value full of organic feelings, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, that interesting masterpiece conducts visitors on a psychological journey, well unraveling the concealed melodies and profound impact resonating within each cautiously constructed phrase. Within the depths of this moving assessment, we will discover the book is main harmonies, analyze its enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
