Matteo Da Gualdo:

History of Painting in Italy: Umbrian & Sienese masters of the fifteenth century Joseph Archer Crowe, Giovanni Battista Cavalcaselle, 1914 *The Development of the Italian Schools of Painting* Charlotte Van Marle, 2013-06-29 With the sudden and immature death of the Author this work which was planned to comprise 21 volumes has had to end with the 18th. From a number of students and art critics requests have reached the publisher and myself that an index should be made of the volumes which have been published. Herein their desire has been satisfied. This general index is divided into two parts: one for names of places so that with the greatest ease and without loss of time the student can find all the Italian paintings from early Christian times up to the end of the Quattrocento which are scattered throughout the churches, galleries and private collections of Europe and America. For the larger towns the material is divided into the following headings: I Churches and Monasteries; II Public Collections; III Public Buildings and Streets; IV Private Collections; and this order though not indicated has always been followed for the smaller localities. The second division contains the names of artists, each one accompanied by dates and where possible an indication of the site of his activity. The chief aim of this index is to make it easier to consult the enormous amount of material treated in the 18 volumes. For the traveller who desires to know what paintings are to be found in any town this index should be a valuable *vade mecum*. *A History of Painting in Italy, Umbria, Florence and Siena, from the Second to the Sixteenth Century* Joseph Archer Crowe, Giovanni Battista Cavalcaselle, 1914
