Matthew Arnold,1996 The University Press of Virginia edition of *The Letters of Matthew Arnold* edited by Cecil Y Lang represents the most comprehensive and assiduously annotated collection of Arnold's correspondence available When complete in six volumes this edition will include close to four thousand letters nearly five times the number in G W E Russell's two volume compilation of 1895 The letters at once meaty and delightful appear with a consecutiveness rare in such editions and they contain a great deal of new information both personal sometimes intimate and professional Two new diaries are included a handful of letters to Matthew Arnold and many of his own that will appear in their entirety here for the first time Renowned as a poet and critic Arnold will be celebrated now as a letter writer Nowhere else is Arnold's appreciation of life and literature so extravagantly evident as in his correspondence His letters amplify the dark vision of his own verse as well as the moral background of his criticism As Cecil Lang writes the letters may well be the finest portrait of an age and of a person representing the main movements of mind and of events of nearly half a century and at the same time revealing the intimate life of the participant observer in any collection of letters in the nineteenth century possibly in existence Volume 1 begins with an account of the Arnold children by their father headmaster of Rugby School The letters show Arnold as a precocious schoolboy doted on and remonstrated by his extended family as a foppish Oxonian as a young man enjoying the pleasures of Paris and working at a perfect and undemanding job then as a new husband in an imperfect too demanding job
