Oskar Panizza:

Oskar Panizza Peter D. G. Brown, 1983 This is the first book to critically examine the life and literature of Oskar Panizza 1853 1921 the most audacious and irreverent of the Munich Moderns associated with Michael Georg Conrad in the 1890 s Although this psychiatrist from Bad Kissingen wrote volumes of poetry fiction and polemics Panizza is best known for his play *Das Liebeskonzil* 1894 His scandalous heavenly tragedy depicts the origin of syphilis as the vengeance of an impotent yet vindictive God His retribution for the sexual excesses practiced at the Vatican Court of Rodrigo Borgia Pope Alexander VI 1495 Panizza s subsequent sentence to one year in prison on 93 counts of blasphemy sparked a major public debate about religion literary freedom and Wilhelminian censorship in which Theodor Fontane Detlev von Liliencron Thomas Mann Kurt Tucholsky and Frank Wedekind among others participated Oskar Panizza and The Love Council Peter D. G. Brown, 2010 In 1894 German society was introduced to *The Love Council* a new play by the Oskar Panizza This book contains a detailed history of the play on stage and the court proceedings that led to Panizza s imprisonment A new English translation of the play is included as well as a biography of its avant garde modernist author Provided by publisher *Banned in Berlin* Gary D. Stark, 2012 Imperial Germany s governing elite frequently sought to censor literature that threatened established political social religious and moral norms in the name of public peace order and security It claimed and exercised a prerogative to intervene in literary life that was broader than that of its Western neighbors but still not broad enough to prevent the literary community from challenging and subverting many of the social norms the state was most determined to defend This study is the first systematic analysis in any language of state censorship of literature and theater in imperial Germany 1871 1918 To assess the role that formal state controls played in German literary and political life during this period it examines the intent function contested legal basis institutions and everyday operations of literary censorship as well as its effectiveness and its impact on authors publishers and theater directors *The Culture of the Case* Frederic J. Schwartz, 2023-06-13 How artists in twentieth century Germany adapted the idea of the medical or legal case as an artistic strategy to push to the fore sexualities scandals and crimes that were otherwise concealed In early twentieth century Germany the artistic avant garde borrowed procedures from the medical and juridical realms to expose and debate matters that society preferred remain hidden and unspoken Frederic J Schwartz explores how the evocation or creation of a case provided artists with a means to engage themes that ranged from blasphemy to Lustmord or sexual murder Shedding light on the case as a cultural form Schwartz shows its profound effect on artists and the ways it dovetailed with methods used by these figures to exploit fundamental changes taking place across the mass media of their time As Schwartz shows the case was a common denominator that connected seemingly disparate works George Grosz and Rudolf Schlichter drew on it for their violent visual art as did architect Adolf Loos when he equated ornament with crime Expressionists meanwhile approached the question of whether the so called mad shared a right of public expression with those deemed sane and examined medical and legal

approaches to what society labeled as insanity The case also took on a personal dimension when artists found themselves confronted with or chose to engage with the legal system German courts prosecuted John Heartfield and others for their provocative works while Bertolt Brecht created publicity for himself by suing the firm to whom he sold the film rights to *The Threepenny Opera* Provocative and insightful *The Culture of the Case* offers a privileged view of the spaces of representation in which images in some instances as cases functioned at a key moment of modernity *A history of the case study* Birgit Lang, Joy Damousi, Alison Lewis, 2017-03-31 This collection tells the story of the case study genre at a time when it became the genre par excellence for discussing human sexuality across the humanities and life sciences It is a transcontinental journey from the imperial world of fin de siècle Central Europe to the interwar metropolises of Weimar Germany and to the United States of America in the post war years Foregrounding the figures of case study pioneers and highlighting their often radical engagements with the genre the book scrutinises the case writing practices of Sigmund Freud and his predecessor sexologist Richard von Krafft Ebing writers including Leopold von Sacher Masoch and Alfred Döblin Weimar intellectuals such as Erich Wulffen and psychoanalyst Viola Bernard The results are important new insights into the continuing legacy of such writers and into the agency increasingly claimed by the readerships that emerged with the development of modernity An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence *The Health Humanities in German Studies* Stephanie M. Hilger, 2024-05-16 The first full length study to bring together the fields of Health Humanities and German studies this book features contributions from a range of key scholars and provides an overview of the latest work being done at the intersection of these two disciplines In addition to surveying the current critical terrain in unparalleled depth it also explores future directions that these fields may take Organized around seven sections representing key areas of focus for both disciplines this book provides important new insights into the intersections between Health Humanities German Studies and other fields of inquiry that have been gaining prominence over the past decade in academic and public discourse In their contributions the authors engage with disability studies critical race studies gender embodiment studies trauma studies as well as animal environmental studies *Doghouse, Jailhouse, Madhouse* Peter D. G. Gilman,1993 There is no category of supposed human beings that comes closer to the orangutan than does a Polish Jew said a Bavarian writer reflecting the eighteenth century view that Jews were profoundly flawed The Jewish body popular opinion held was malformed from feet to nose and predisposed to a host of illnesses ranging from the plague to hysteria The Jewish soul had a peculiar stench The Jewish libido had a tendency toward incest The Jewish gaze was pathological and precluded the possibility of unbiased observation By the close of the nineteenth century these ideas had found their way into European medical journals and the medical establishment was convinced that Jews were both diseased and perverted It was an interesting time to be a Jewish physician In *The Case of Sigmund Freud* Sander Gilman traces the medicalization of Jewishness in the science and medicine of turn of the century Vienna and the ways in which Jewish physicians responded to the effort to incorporate this racist biological literature into medical practice Focusing on the new science of psychoanalysis Gilman looks at the strategic devices Sigmund Freud employed to detach himself from the stigma of being Jewish and shows how Freud s work in psychoanalysis evolved in response to the biological discourse of the time In order to circumvent the prevailing debates about race Gilman argues Freud carefully formulated the particular biological charges against the Jew into a universal definition of a human being As a consequence his early psychoanalytic theories transcended the controversies about biological determinism and yet remained framed by them **BOOK JACKET Title Summary** field provided by Blackwell North America Inc All Rights Reserved **The Review of Reviews** ,1892 The sexual life of our time: a complete encyclopaedia of the sexual Iwan Bloch,1937 The Sexual Life of Our Time in Its Relation to Modern Civilization Iwan Bloch,1914 **Verbotene Literatur Von Der Klassischen Zeit Bis Zur Gegenwart** Heinrich Hubert Houben,1924 **The Sexual Life of Our Time in Its Relations to Modern Civilization** Iwan Bloch,1909 Comic Grotesque Neue Galerie New York,2004 Filled with irreverent wit comical elements and absurdist humour the comic grotesque has fascinated artists since ancient times This volume brings together an array of artists including Paul Klee Max Klinger Alfred Kubin Emil Nolde and Max Ernst and traces the evolution of this influential movement in modern art **American Monthly Review of Reviews** ,1891 Zeitschrift für Bücherfreunde ,1911
