Other Gospels:

The Other Gospels Bart D. Ehrman, Zlatko Pleše, 2014 Ehrman and Pleše present a rare compilation of over 40 ancient gospel texts and textual fragments that do not appear in the New Testament

Four Other Gospels John Dominic Crossan, 2008-03-01 The four canonical gospels are long set in established sequence as Matthew Mark Luke and John This book is about four other gospels the Gospel of Thomas the Secret Gospel of Mark the Gospel of Peter and Egerton Papyrus 2 These four other gospels have generally been regarded as mere digests or collages of the canonical gospels whereas in fact as Professor Crossan persuasively shows the four others hold within their mutilated fragments independent or earlier traditions than those tradition has canonized Four Other Gospels proposes a spectrum of relations between the canonical gospels and these others This spectrum ranges from the Gospel of Thomas which is a parallel and independent tradition to Egerton Papyrus 2 on which both John and Mark are dependent to the Secret Gospel of Mark on which Mark directly and John indirectly are dependent and on to the Gospel of Peter which contains an original Passion Resurrection source used by all four of the canonical gospels but which submitted to their eventual ascendancy by attempting a harmonization between it and them and placed the new complex under the authority and authorship of Simon Peter Four Other Gospels does not propose a new or alternative canon The canon is a fact both of history and of theology But the thesis of this book is that anyone who takes the four other gospels seriously and thoughtfully will never again be able to read the four canonical gospels in quite the same way A new light has been shed

The Other Gospels Ron Cameron, 1982-01-01 This new anthology of gospel literature contains texts that are not part of the New Testament but are of great importance for the study of Christian origins Some of these apocryphal gospels are from the Nag Hammadi library made available only recently The sixteen texts constitute what remains of the non canonical gospels from the first and second centuries They transmit saying of Jesus and relate stories about Jesus

Dictionary of Jesus and the Gospels Joel B. Green, Scot McKnight, I. Howard Marshall, 1992-02-18 Edited by Joel B Green Scot McKnight and I Howard Marshall this reference work encompasses everything relating to Jesus and the Gospels

Connecting Gospels Francis Watson, Sarah Parkhouse, 2018-04-04 By the late second century early Christian gospels had been divided into two groups by a canonical boundary that assigned normative status to four of them while consigning their competitors to the margins Connecting Gospels Beyond the Canonical Non canonical Divide finds new ways to reconnect these divided texts Starting from the assumption that in spite of their differences all early gospels express a common belief in the absolute significance of Jesus and his earthly career this authoritative collection makes their interconnectedness fruitful for interpretation The contributors have each selected a theme or topic and trace it across two or more gospels on either side of the canonical boundary and the resulting convergences and divergences shed light not least on the canonical texts themselves as they are read from new and unfamiliar vantage points This volume demonstrates that early gospel literature can be regarded as a single field of study in

contrast to the overwhelming predominance of the canonical four characteristic of traditional gospels scholarship *An Illustrated Commentary on the Gospels According to Mark and Luke* Lyman Abbott,1877 *The Gospels as Historical Documents ...: The fourth Gospel.* 1920 Vincent Henry Stanton,1920 **John Among the Other Gospels** Lorne R. H. Drake Williams,2013-01-11 Are the gospels found within the New Testament superior to others Has the church unfairly chosen Matthew Mark Luke and John while leaving out many others Are there truly lost Christianities that would enrich our understanding of Jesus Would modern day seekers as well as followers of Jesus be better served by including gospels outside of the New Testament in their understanding of Jesus Jesus Tried and True answers these questions by examining the date source and reception of the canonical gospels of Matthew Mark Luke and John and then comparing this data with the other gospels It assesses this information by looking within these gospels and also evaluating early church history examining the writings of early church writers such as Papias Ignatius of Antioch Justin Martyr Irenaeus and Eusebius It then compares these findings with the date source and reception of the non canonical gospels that have received the most attention lately such as the Gospel of Thomas Gospel of Mary Gospel of Judas Gospel of Philip and Gospel of Peter There is also a brief survey of thirteen of the most important non canonical gospels The survey provides an opinion on the dependence of these upon the gospels within the New Testament JJesus Tried and True affirms the superiority of the New Testament gospels It concludes by addressing whether non canonical gospels are lost Christianities and also whether the designation apocryphal is appropriate for other gospels *The Four Gospels, as Interpreted by the Early Church* Francis Henry Dunwell,1876 **A Harmony of the Gospels for Historical Study** William Arnold Stevens,Ernest DeWitt Burton,1893 *The Apocryphal New Testament* William Hone,1872 **A Harmonized Exposition of the Four Gospels** Andrew Edward Breen,1908 The Gospel of the Lord Michael F. Bird,2014-08-22 Balanced comprehensive survey of the critical questions involved in studying the four Gospels In this book through a distinctive evangelical and critical approach Michael Bird explores the historical development of the four canonical Gospels He shows how the memories and faith of the earliest believers formed the Gospel accounts of Jesus that got written and in turn how these accounts further shaped the early church Bird s study clarifies the often confusing debates over the origins of the canonical Gospels Bird navigates recent concerns and research as he builds an informed case for how the early Christ followers wrote and spread the story of Jesus the story by which they believed they were called to live The Gospel of the Lord is ideal for students or anyone who wants to know the story behind the four Gospels Watch an interview with Michael Bird from our Eerdmans Author Interview Series **Introduction to the Synoptic Gospels** Paton James Gloag,1895 Dr. William Smith's Dictionary of the Bible William
