W. von Goethe and Gabriele D'Annunzio Readers will find in the complete collection of the Prefaces one of literature's most revealing artistic autobiographies a wholly absorbing account of how writing gets written and a vision of the possibilities for fiction which critics and novelists of later times will find immensely instructive and liberating LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1,000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid-free paper that will last for centuries      **The Turn of the Screw and Other Stories** Henry James, 2008-04-17 The governess of two enigmatic children fears their souls are in danger from the ghosts of the previous
