History of Our Country Oscar H. Cooper, 2015-06-30 Excerpt from History of Our Country A d104 Book for Schools This History of Our Country has been prepared in the belief that there is need of a text book on the history of the United States which would present fairly and impartially all sections of the Union The authors have endeavored to divest the narrative of all bias for or against the North or the South the East or the West The strife for sectional or partisan supremacy has often transcended the bounds of true patriotism but it is believed that such strife has been inevitable and that in the long run it has made our country stronger and richer in the nobler elements of national life Love of country is greater than the love of party and loyalty to the state is a permanent and indestructible element in loyalty to the nation Our country is an indestructible union of indestructible states Our history should be so taught that the next generation will cherish the patriotism which conserves the rights of the states and honor the patriotism which guards the supremacy of the Federal Union If this book shall prove to be helpful to the great army of earnest and faithful teachers in making the story of our country s life growth and progress more real and interesting to their pupils the hope of the authors will be amply fulfilled About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
