Sunday School Publishing Board, 1929 **From Paris to Pompeii** Göran Blix, 2009-01-12 In the early nineteenth century as amateur archaeologists excavated Pompeii Egypt Assyria and the first prehistoric sites a myth arose of archaeology as a magical science capable of unearthing and reconstructing worlds thought to be irretrievably lost This timely myth provided an urgent antidote to the French anxiety of amnesia that undermined faith in progress and it armed writers from Chateaubriand and Hugo to Michelet and Renan with the intellectual tools needed to affirm the indestructible character of the past From Paris to Pompeii reveals how the nascent science of archaeology lay at the core of the romantic experience of history and shaped the way historians novelists artists and the public at large sought to cope with the relentless change that relegated every new present to history In postrevolutionary France the widespread desire to claim that no being city culture or language was ever definitively erased ran much deeper than mere nostalgic and reactionary impulses G ran Blix contends that this desire was the cornerstone of the substitution of a weak secular form of immortality for the lost certainties of the Christian afterlife Taking the iconic city of Pompeii as its central example and ranging widely across French romantic culture this book examines the formation of a modern archaeological gaze and analyzes its historical ontology rhetoric of retrieval and secular theology of memory before turning to its broader political implications **REFLECTIONS OF A "B"-MOVIE JUNKIE** Jim Driscoll, 2008-12-30 *Reflections Of A B Movie Junkie* is a tribute to the old B Movies of the Saturday

Matinees of yesteryear. Actually it is more of a homage to them or at least 6 genres of those film types that were so prevalent back in primarily the 40s and 50s. Their research and discussion however in some instances dates all the way back to the beginning of the talkies of motion picture content and can extend in the other direction into the early 70s. These 6 genres include the popular B Western, The Comedy Teams, The Jungle Adventures, Sci Fi Fantasy Horror and the Serial or Chapter Plays so popular with the week end Matinee crowds back then. These film types filled up our Saturday afternoons and evenings with exciting adventure, curious wonder, spine tingling horror and non stop action. Often filmed on a shoe string budget and in a limited time frame many of these classics came to be looked upon by many fans as being so truly bad that they were good in a bad sort of way. They are thus categorized, reviewed and discussed for the most part in a lovingly personal style especially when compared to the film types we are subjected to in today's market. They had their place in film history and that time is long since gone. But for some of us they have never been equaled which for others may indeed be a good thing.

**Double Feature Creature Attack** Tom Weaver, 2003-02-19 This whopping big McFarland Classic brings together 43 interviews with horror and science fiction movie writers, producers, directors and the men and women who saved the planet from aliens, behemoths, robots, zombies and other sinister, stumbling threats in the movies at least. The interviewees reminisce about some of their great and not so great films and tell their stories. This classic volume represents the union of two previous volumes: 1994's *Attack of the Monster Movie Makers*; anecdotes are frank and revealing. *Video Watchdog* and 1995's *They Fought in the Creature Features*, a fun book for all SF film enthusiasts. *Interzone* Together at last this combined collection of interviews offers a candid and delightful perspective on the movies that still make audiences howl and squeal though fear has long been replaced with sweet nostalgia.

**Masculinity and the New Imperialism** Bradley Deane, 2014-05-29 At the end of the nineteenth century the zenith of its imperial chauvinism and jingoistic fervour, Britain's empire was bolstered by a surprising new ideal of manliness one that seemed less English than foreign, less concerned with moral development than perpetual competition, less civilized than savage. This study examines the revision of manly ideals in relation to an ideological upheaval whereby the liberal imperialism of Gladstone was eclipsed by the New Imperialism of Disraeli and his successors. Analyzing such popular genres as lost world novels, school stories and early science fiction, it charts the decline of mid century ideals of manly self control and the rise of new dreams of gamesmanship and frank brutality. It reveals moreover the dependence of imperial masculinity on real and imagined exchanges between men of different nations and races so that visions of hybrid masculinities and honorable rivalries energized Britain's sense of its New Imperialist destiny.
