Our Internal Computer:

Sensation and Perception Bennett L. Schwartz, John H. Krantz, 2018-01-05 The highly accessible **Sensation and Perception** presents a current and accurate account of modern sensation and perception from both a cognitive and neurocognitive perspective. To show students the relevance of the material to their everyday lives and future careers authors Bennett L Schwartz and John H Krantz connect concepts to real world applications such as driving cars playing sports and evaluating risk in the military. Interactive Sensation Laboratory Exercises ISLE provide simulations of experiments and neurological processes to engage readers with the phenomena covered in the text and give them a deeper understanding of key concepts. The Second Edition includes a revamped version of the In Depth feature from the previous edition in new Exploration sections that invite readers to learn more about exciting developments in the field. Additionally new Ponder Further sections prompt students to practice their critical thinking skills with chapter topics
