Our Magnificent Earth ,1979 "Why?" Carl D. Rowe, 2019-10-24 Do you really believe all that Science and Secular Society is pushing upon us as TRUTH when in reality it is Theory Maybe you and I should delve into these theories a bit closer and see if they line up with Scripture and Common Sense This book explores and exposes some of these ridiculous theories and asks you to simply look at the awesome creation around you and with an open mind judge for yourself After all your Peace and Joy here on this Earth and to whom or what you place your trust in will determine your happiness in this life and eventually your eternal destiny The scientific community would have us to believe that there is a logical scientific explanation to everything My eyes my senses my mind and my spirit tell me otherwise So I raise a number of questions WHY and present my take on why things are as they are The Author asserts that Almighty God was the Creator of the Universe and the Earth refuting the theories of Evolution and over time infused His creation with amazing resources When the fullness of time had come sent His own Son Jesus Christ into the world to show us the way to Himself The Earth our bodies and all created things are described in great detail illustrating the incredible complexity of all creation The folly of mankind's desire to travel to Mars is discussed and the way to GOD is clearly defined *Our Magnificent Earth* Pat Gilliland, 1979 **Our Magnificent Earth** ,1979 **Earth's First Civilization, Antarctica 55 Million B.C.** M.G. Hawking, 2026-01-03 Explore evidence of an Advanced Civilization that existed on the Antarctic Continent in the Paleocene Epoch and other mysterious cultures of prehistory To explore these remarkable finds this book has four primary purposes 1 to present archaeological and other competent evidence demonstrating that civilizations of tremendous antiquity once existed on our planet 2 to examine evidence regarding the true age of those civilizations 3 to explore the possible origins of those civilizations and 4 to reveal the profound esoteric knowledge and technical abilities possessed by the cultures of those civilizations Contemporary research has unearthed buried civilizations and discovered hidden cities one after another archaeology now reconstructs an unsuspected antiquity of man and paints a canvas of stunningly mysterious dimensions Previous academic accounts of the origins of civilization have fallen forfeit to evidence from archaeological sites worldwide including Thebes c 37 900 BC Edfu c 18 000 BC Turkey c 12 000 BC Bolivia c 15 000 BC Indonesia c 22 000 BC and most intriguingly on the Antarctic Continent The stunning discovery in Antarctica if fully confirmed will represent the greatest archaeological find of history Part I of this book explores the true antiquity of civilization on this planet examines the ancient traditions and theogonies that shed light on the existence and age of prehistoric civilizations details the substantial evidence for a Paleocene civilization on the Antarctic continent 55 million years ago and takes an inside look at recent astronomical discoveries As the study of antiquity is properly accounted purely academic except as it may be made living knowledge which enriches our contemporary life a
